ILLINOIS.

CAPITAL, SPRINGFIELD.

Population of State, 5,638, 591.
(U. S. Census, 1910).
Number of Physicians, 9,679.

Illinois was organized as a territory March 1, 1809, and admitted as a State December 3, 1818.

The parallel 42 degrees 30 minutes north latitude forms the northern boundary extending from Lake Michigan to the Mississippi river, a distance of about 150 miles. About the same length of its eastern boundary is formed by the meridian 10 degrees 25 minutes west from Washington. Besides these two lines it has the natural boundaries of Lake Michigan, on the northeast, the Wabash and Ohio rivers on the east and southeast, and the Mississippi for its very irregular western boundary. Its extreme length, north and south, is 385 miles, and its greatest width, east and west, 218 miles. Its area is about 56,000 square miles, or 35,840,000 acres, nearly the whole of which is arable, the state containing a smaller proportion of waste land than any state in the Union, with the possible exception of Iowa. Its area is greater than that of England of the two kingdoms of Denmark and Portugal combined, or of all the New England states exclusive of Maine. It is easily the first agricultural state in the Union, and ranks first also in its railroad mileage. It is among the first in manufacturing industries, and has within its boundaries a wealth of resources unsurpassed by any other state.

Dr. S. Grover Burnett's Private Sanitarium
A Strictly Ethical Sanitarium for Classical, Neurological and Psychological Practice, including Inebriety. Special attention to Dr. Burnett's Preferred Treatment of Morphinism as published. 3100 Euclid Avenue Kansas City, Mo.

The climate is pleasant and healthful and perpetual breezes blow over the prairies, modifying the summer heats, while Lake Michigan makes the neighboring regions warmer in winter and cooler in summer. The diversity of the climate depends largely on the extent of the states north and south, one end being in the latitude of Boston, Mass., and the other in that of Norfolk, Va. The fluctuations in temperature are often great and sudden, but the vital statistics show that the climate is remarkably healthful.

ILLINOIS MEDICAL PRACTICE ACT 1911.

MEDICINE AND SURGERY PRACTICE REGULATED.

An Act to Regulate the Practice of Medicine in the State of Illinois, and to Repeal an Act Therein Named. Approved April 24, 1899, as Amended by Acts Approved June 4, 1907, January 25, 1908, and May 29, 1911.

Section 1. Organization and Duties of State Board of Health.—Be it enacted by the People of the State of Illinois represented in the General Assembly: That the State Board of Health shall organize within three months after the passage of this act; it shall procure a seal and shall receive through its secretary applications for certificates and examinations. The president and secretary shall have the authority to administer oaths, and the board to take testimony in all matters relating to its duties.

Sec. 2. Licenses from State Board of Health Required—Applications for License—Examinations—Graduates of Legally Chartered Medical Colleges in Illinois in Good Standing Granted Certificates.—No person shall hereafter begin the practice of medicine or any of the branches thereof, or midwifery, in this State without first applying for and obtaining a license from the State Board of Health to do so. Application shall be in writing, and shall be accompanied by the examination fees hereinafter specified, and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in all their branches shall be accompanied by proof that the applicant is a graduate of a medical college or institution in good standing, as may be determined by the board. When the application aforesaid has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear before it for examination, at the time and place mentioned in such notice.

Examinations may be made in whole or in part in writing by the board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in all of their branches shall embrace those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States. The examination of those who desire to practice midwifery shall be of such a character as to determine the qualification of the applicant to practice midwifery. The examination of those who desire to practice any other system or science of treating human ailments who do not use medicines internally or externally, and who do not practice operative surgery, shall be of a character sufficiently strict to test their qualifications as practitioners.

All examinations provided for in this act shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination: Provided, that graduates of legally chartered medical colleges in Illinois in good standing as may be determined by the board may be granted certificates without examinations. (1899.)

Sec. 2a. Examination Required—Temporary Licenses Permitted.—The State Board of Health shall require that every applicant for a license to practice medicine and surgery in all their branches, in the State of Illinois (excepting only those physicians who may be entitled to a license under section 3a of the act to which this act is an amendment) shall present proof satisfactory to said board that he is a graduate of a medical college in good standing, as may be determined by the State Board of Health, and pass, before said board, an examination embracing those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States: Provided, that the State Board of Health may, in its discretion, admit to examination a student who has completed in a medical college determined in good standing, the course of instruction required by the rules of said board in medical colleges determined in good standing, and who has passed the examinations of said college, but has not received a diploma: Provided, further, that the said medical college shall require as a pre-requisite to graduation, a course of study extending over at least five calendar years. And if said student pass the examinations of the said board it may issue to him a limited license authorizing him to practice medicine and surgery in a hospital approved by said board and in no other place whatsoever in the State of Illinois, which limited license shall remain in effect for a period not exceeding eighteen months from the date thereof, and the State Board of Health may then issue to the applicant the regular permanent license of the board without further examination or fee, on condition that the applicant present a diploma from the medical college in which he had completed a course, as prescribed by the rules of the said board, previous to the issuance of the limited license hereinbefore mentioned, and otherwise complies with the requirements of the board and with the provisions of the act to which this act is an amendment. (1911.)

Sec. 2b. Admission to Medical College—Preliminary Education—Standard Fixed by State Board of Health.—The State Board of Health shall be empowered to establish a standard of preliminary education deemed requisite to admission to a medical college in "good standing," and to require satisfactory proof of the enforcement of this standard by medical colleges: Provided, that the board shall not recognize examinations of applicants for admission to medical colleges, that have been conducted by the faculty or officers of a medical college: And provided, further, that the diploma of an approved high school or equivalent school having a course of studies requiring an attendance through four school years, or a certificate of having passed a satisfactory examination before the State Superintendent of Public Instruction, or like State officer, in the studies embraced in the curriculum of such approved high school shall be considered satisfactory evidence of preliminary education: And provided still further, that the Illinois State Superintendent of Public Instruction shall be empowered to exact a fee of five dollars from each applicant for such examination. The board shall also be empowered to determine the standing of literary or scientific colleges, high schools, seminaries, normal schools, preparatory schools, and the like, and the board may, in its discretion, accept as the equivalent of one or more of the sessions or terms prescribed in its requirements governing medical colleges in "good standing," attendance in a literary or scientific college in "good standing" as evidenced by a degree from said institution, providing that the standards of said literary or scientific colleges are fully equal to those of the State University of Illinois. (1908.)

Sec. 3. License to Practice—Provisions.—If the applicant successfully passes his examination, or presents a diploma from a legally chartered medical college in Illinois of good standing, the board shall issue to such applicant a license authorizing him to practice medicine, midwifery or other system of treating human ailments, as the case may be: Provided, that those who are authorized to practice other systems can not use medicine internally or externally or perform surgical operations; Provided, further, that only those who are authorized to practice medicine and surgery in all their branches shall call or advertise themselves as physicians or doctors: And provided, further, that those who are authorized to practice midwifery shall not use any drug or medicine or attend other than cases of labor. Such license shall be in such form as may be determined by the board and in accordance with the provisions of this act: Provided, however, that any wilful violation on the part of an applicant of any of the rules and regulations of the board, governing examinations shall be sufficient cause for the board to refuse to issue a license to such applicant. Such certificates shall be signed by all members of the board and attested by the secretary. (1899.)

Sec. 3a. When License May be Issued Without Examination.—The State Board of Health may, in its discretion, issue a license, without examination, on the payment of the proper fees, to a physician, who is a graduate of a medical college in good standing, and has been licensed in any Country, State or Territory, in which the requirements of medical registration are deemed by the State Board of Health to have been practically equivalent to the requirements of medical registration in force in Illinois, under the provisions of the act to which this act is an amendment: Provided, that such Country, State or Territory, shall accord a like privilege to physicians who hold licenses issued by the Illinois State Board of Health. And the State Board of Health may also, in its discretion, issue a license, without examination, to a physician who is a graduate of a medical college in good standing, and has passed an examination before the United States army, the United States navy, or the United States public health and marine hospital service. (1907.)

Sec. 3b. Compensation.—For their services performed in the enforcement of this act and the act to which this act is an amendment, the members of the State Board of Health shall receive a compensation of ten (10) dollars per day for each and every day actually spent in attending to the business of the board: Provided, that the board may fix a sum to be paid for each examination paper rated: And provided, further, that all such compensation shall be paid from the fees received by the board and no part thereof shall be paid out of the State Treasury. (1907.)

Sec. 4. Certificates to be Recorded in Office of County Clerk—Records of County Clerk.—Every person holding a certificate from the State Board of Health shall have it recorded in the office of the Clerk of the County in which he resides or practices within three months from its date and the date of recording shall be endorsed thereon. Until such certificate is recorded, as herein provided, the holder thereof shall not exercise any of the rights or privileges conferred therein. Any person practicing in another county shall record the certificate in like manner in the county in which he practices, and the holder of the certificate shall pay to the County Clerk the usual fee for making the record. The County Clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate. The register of the county shall be open to public inspection during business hours. (1899.)

Sec. 5. Examination Fees.—The fees for examination and for a certificate shall be as follows: Ten (10) dollars for examination in medicine and surgery, and five (5) dollars for a certificate if issued. Five (5) dollars for an examination in midwifery, and three (3) dollars for a certificate if issued. For all other practitioners ten (10) dollars for an examination and five (5) dollars for a certificate if issued. (1899.)

Sec. 6. Unprofessional or Dishonorable Conduct—Board May Withhold or Revoke Certificates—Hearing.—The State Board of Health may refuse to issue the certificates, provided for in this act to individuals who have been convicted of the practice of criminal abortion, or who have by false or fraudulent representation, obtained or sought to obtain practice in their profession, or by false or fraudulent representation of their profession have obtained or sought to obtain money or any other thing of value, or who advertise under names other than their own, or for any other unprofessional or dishonorable conduct, and the board may revoke such certificates for like causes: Provided, that no certificates shall be revoked or refused until the holder or applicant shall be given a hearing before the board. (1899.)

Sec. 7. Definition of this Act.—Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat or profess to treat, operate on or prescribe for any physical ailment or any physical injury to or deformity of another: Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry or of pharmacy. And this act shall not apply to surgeons of the United States army, navy or marine hospital service in the discharge of their official duties, or to any person who ministers to or treats the sick or suffering by mental or spiritual means, without the use of any drug or material remedy. (1899.)

Sec. 8. Itinerant Venders—License—Penalties.—Declared unconstitutional by Supreme Court.

Sec. 9. Penalty for Practicing Without License.—Any person practicing medicine or surgery or treating human ailments in the State, without a certificate issued by this board in compliance with the provisions of this act, or any itinerant vender violating the provisions of section 8 of this act, shall for each and every instance of such practice or violation forfeit and pay to the People of the State of Illinois, for the use of the said Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction, and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of the State for a crime of forgery: Provided, that this section shall not apply to physicians who hold unrevoked certificates from the State Board of Health issued prior to the time of the taking effect of this act. (1899.)

Sec. 10. Enforcing Penalties—Appeals.—Upon conviction of either of the offenses mentioned in this act the court shall, as a part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and upon failure to pay the same immediately the defendant shall be committed under said order for first offense not more than thirty (30) days, and for each subsequent offense not more than ninety (90) days: Provided, that either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the people, no appeal bond shall be required to be filed, whether the appeal be from the Justice of the Peace or from the County or Circuit courts, or from the Appellate court. But it shall be sufficient in behalf of the People of the State of Illinois, for the use of the State Board of Health, to pray an appeal, and thereupon appeal may be had without bond or security. (1899.)

Sec. 11. Board to Make Report of Proceedings.—On the 30th day of September of each year, the State Board of Health shall make a report showing all items of receipts from all sources and disbursements for all purposes, and all expenses incurred by the members of said board, except attorney fees, in the enforcement of the act, to which this act is an amendment, and all compensation provided for therein to said members may be paid out of the State Treasury on appropriation being made therefor by the General Assembly. (1911.)

Sec. 12. Repeal.—An act to regulate the practice of medicine in the State of Illinois, approved June 17, 1887, in force July 1, 1887, and all other acts and parts of acts inconsistent with this act are hereby repealed. (1899.)

GLYCERO=MEDICATED=PLASTER

The Greatest Hygroscopic known is the

New Twentieth Century Anti=phlogistic and Hygroscopic,

possessing a definite therapeutical action.

"G-M-P" does not dry out or crumble.

Glycero-Medicated-Plaster contains approximately 55% more C. P. Glycerine than like preparations, therefore making it that much greater hygroscopic, and with the addition of the essential oils as enumerated in our Treatise, gives this product an advantage over others of being a stimulant to the vaso-motor, lymphatic and circulatory systems as well as being decidedly antiseptic and anodyne in action.

Other specialties: GLYCERO-PAPO-PEPSIN (digestive and gastric sedative), Elix. GLYCERO-LACTATED-PEPSIN (vehicle), GLYCERO-FERRI et MANGANI (tonic), GLYCERO-CATHARTINE (cathartic) TABLETS AND TABLET SPECIALTIES.

Samples and literature sent on application.

Kenilworth Sanitarium

(ESTABLISHED 1905)

KENILWORTH, ILL.

C. & N. W. RAILWAY Six Miles North of Chicago

The Kenilworth Sanitarium, constructed and equipped to supply the demand for a **first-class neuropathic and psychopathic hospital, easily accessible to the residents of Chicago and vicinity,** is situated about half a mile due west of the Kenilworth station (C. & N. W. Ry.), **six miles north of Chicago,** from which, in addition to steam and trolley cars, it may be reached at all seasons of the year by good carriage road.

The grounds consist of ten acres lying nearly one and one-half miles from the shore of Lake Michigan and the distance from car lines and other sources of noise is such as to insure practically complete rural quietude.

The accommodations for patients consist of six independent groups of from six to seven large bedrooms, some of which are so constructed as to be impervious to noise, a spacious sitting-room and corridor and two bath-rooms, one of which in each group is planned to be used en suite when desired. Each room is provided with an independent system of ventilation, which is thoroughly effective under all conditions.

Four separate pavilions have been built with concrete floors and concrete walks leading to them, so that patients may have full benefit of outdoor air treatment.

There is an electric passenger elevator, electric lighting, and a complete system of telephones.

The warming is by steam, both direct and indirect radiation having been provided to each sleeping and sitting room.

An abundance of pure water is supplied from a bored well, 148 feet deep, on the premises.

There are twelve bath-rooms for the use of patients, six of which may be used en suite. They all have the most modern plumbing, ceramic tile floors, and porcelain and enameled fixtures. Both floors and finish are of hardwood throughout the building, and the appointments are all first class.

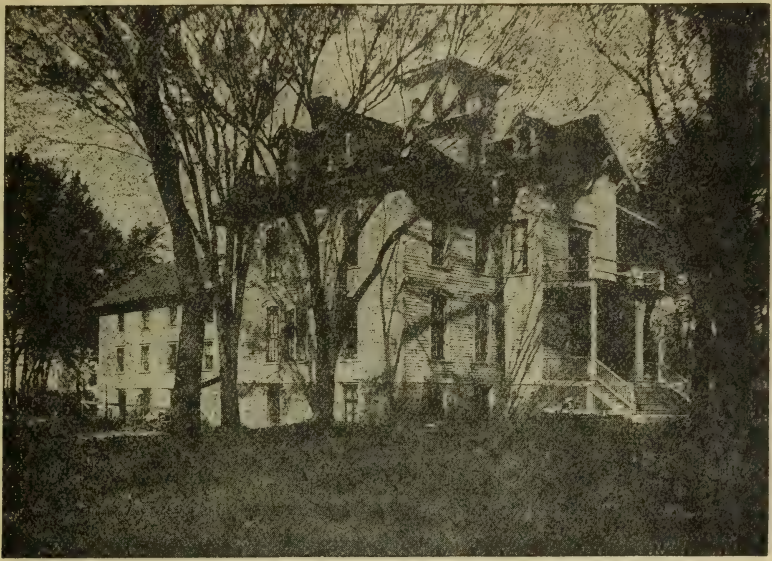
THE RANSON SANITARIUM

FRANK H. JENKS, M. D., Superintendent and Proprietor.



ROCKFORD, ILL.

For the restoration of those suffering from **Nervous and Mental Diseases, also Drug and Alcoholic Addictions.** Established 1887. Delightfully located one mile north of the City of Rockford on the Rockford, Beloit and Janesville Interurban line. River advantages. Pure spring water.

Dr. Jenks brings to the Sanitarium a long experience with the class of cases mentioned, having served as assistant superintendent of the Elgin State Hospital for 10 years. Rates reasonably low. Full particulars by addressing

INDIANA.

CAPITAL, INDIANAPOLIS.

Population of State, 2,700,876.
(U. S. Census, 1910.)
Number of Physicians, 4,913.

Indiana was organized as a territory on July 4, 1800, and admitted as a state December 11, 1816.

It is bounded on the north by Lake Michigan and the state of Michigan, on the east by Ohio, on the west by Illinois, and on the south by Kentucky, from which it is separated by the Ohio river.

It extends from 37 degrees 51 minutes to 41 degrees 46 minutes north latitude and from 85 degrees 48 minutes to 88 degrees 1 minute west longitude. The total land surface is approximately 35,910 square miles. It occupies one of the most fertile portions of the great Mississippi valley. About two-thirds of the state is level or but slightly undulating, and the remainder, though broken and rolling, is not really mountainous. Is watered by several large rivers and numerous small streams. The soil is generally productive, while the bottom lands of the streams are very rich and deep. Corn, wheat, oats, pork, beef, flax, hemp, fruit, sorghum, hops, etc., are extensively exported. Live stock and dairying are important industries. The western section of the state embraces an area of 7,800 square miles of coal fields, an offshoot of the great Illinois carboniferous region. Iron, gypsum, copper, building stone, slate, various clays, coal, sand, petroleum and natural gas are among the other mineral products. The climate is salubrious and is somewhat milder than is experienced in the same latitudes on the Atlantic coast. The winters are cold, but not of long duration, and the summers are often very hot. The mean annual temperature as observed at Indianapolis is 51 degrees, that of the summer 72.64 degrees, and of the winter 28.71 degrees. The average rainfall is about 43 inches. The state is notable for its educational advantages.

For list of Medical Colleges, see page 151.

INDIANA MEDICAL LAW OF 1897.

WITH AMENDMENTS OF 1899, 1901, 1905 AND 1909.

An Act Regulating the Practice of Medicine, Surgery and Obstetrics, Providing for the Issuing of Licenses to Practice, Providing for the Appointment of a State Board of Medical Registration and Examination and Defining their Duties, Defining Certain Misdemeanors and Providing Penalties, and Repealing all Laws in Conflict Therewith and Certain Acts Therein Specified.

(H. 226. APPROVED MARCH 8, 1897.)

(Acts 1897, p. 255.)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said board shall be liable on his bond for damages in the sum of twenty-five dollars ($25). Such applicant shall pay to said board the sum of ten dollars ($10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal possessors of the same, and the persons mentioned therein, and such applicant shall pay to the board the sum of one dollar ($1) at the time of making such application. The board shall thereupon issue to such applicant a certificate, which, when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the board shall provide, and if he shall pass an examination satisfactory to the board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences and qualifications for the practice of medicine. But if he should fail to pass such examination he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars ($25): Provided, however, That payment of said sum of twenty-five dollars ($25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination: And provided, further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior court of the proper county, requiring such board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the County in which he resides, receive from the County Clerk a license to practice medicine, surgery and obstetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents ($0.50) as his fee for issuing and recording such license as hereinafter provided. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in

the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and Examination, and the Clerk shall issue him a new license. (As amended March 3, 1899, Acts 1899, p. 247.)

Sec. 3. It shall be the duty of the Clerk of the County in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of .... ss. :

I, ... Clerk of the Circuit Court of .... County, in the State of Indiana, do hereby certify that .... has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and seal of said Court this ....day of ....189..

...........................Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and their successors for a term of four years each. No school or system of medicine shall have a majority representation on such board. Said board shall be nonpartisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representative on said board. Should a vacancy occur in said board by death, resignation, removal, or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duty of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a president, secretary and treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business.

For their services the members shall receive the sum of six dollars ($6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said board. It shall be the duty of the secretary of said board to keep a record of all applications for certificates, and such record shall contain all the facts set forth in such application, including the action of the board thereon, and shall execute all orders of said board, and the secretary shall have for such service the sum of two hundred and fifty dollars ($250) per annum, to be paid from the funds of said board, and said board may employ a clerk, and fix his salary at not more than five hundred dollars ($500) per annum.

It shall be the duty of the treasurer of said board to pay quarterly all moneys received by the board to the Treasurer of State, which moneys shall be credited to a separate and permanent fund for medical registration and examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Medical Registration and Examination. The said board shall, by its president and secretary, from time to time, certify to the Auditor of State the necessary expenses incurred by the said board, including salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said board: Provided, That no order shall be drawn by any State official on any fund other than the above named fund for any salaries of the board incident to the administration of this act.

The treasurer and secretary of said board shall each give bond in the sum of five thousand dollars ($5,000), with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties. The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the board, to prosecute any violation of this act.

It shall also be the duty of the grand jury of the proper county to investigate all violations of this act and return indictments therefor in proper cases, and it shall be the duty of the Prosecuting Attorney to prosecute violations of this act by information whenever a proper affidavit is filed by any one, as in other cases of violations of the law; or to prosecute offenders before the Justice of the Peace in proper cases.

The State Board of Medical Registration and Examination shall, from time to time, establish and record in a record, kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said board shall also, in like manner, establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall be made in such schedule of requirements in any year after the month of January of such year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedule of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State, and shall also be furnished to any person upon application. Said board shall not, in the establishment of the aforesaid schedule of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State.

It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States of graduates in medicine from this State who have fulfilled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the board.

If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate, signed by its president and secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana: Provided, Said application shall be filed prior to January 1, 1905: And provided, further, Said applicant shall have, prior to January 1, 1901, matriculated in a reputable medical college in Indiana, maintaining a standard of medical education conforming to that fixed by said board, and shall have graduated from said college and received his diploma therefrom, prior to January 1, 1905. Except, as last above provided, no certificate shall be issued to any person whomsoever until he shall have satisfied the said board that he has graduated at a reputable medical college as in this section set forth, maintaining a standard of medical education as above prescribed, and shall have passed before said board a satisfactory examination as to his qualifications to practice medicine, surgery and obstetrics. Such examination shall be had upon payment of the same fees and upon the same terms and conditions as are provided in section 1 of said act, approved March 8, 1897, but the applicant shall have the right to designate, in writing, at the time he files his application, the member of the board who shall conduct his first examination in materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology.

The board at its discretion may authorize the secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the board. The State Board of Medical Registration and Examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the board may revoke such license. The board (may) refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery.

If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have procured a certificate or license by fraud or misrepresentation, said board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

A specific charge, verified by affidavit, must be presented to the board, making definite and specific charges of such facts against the holder of such license. The board shall thereupon fix a time and place for the hearing of such charges, at which the person charged may appear and defend against the same. A copy of such charges, together with a notice of the time and place fixed for the hearing, shall be served upon the person so charged at least twenty (20) days before the time set for the hearing of the same. If, after such hearing, the board revokes such certificate and license, such order shall be by said board entered upon its record. A copy of such order of revocation, certified by the secretary of such board, shall be by it at once delivered to the Clerk of the Circuit Court of the county in which such license was issued, and such Clerk shall record the same upon the margin of the record of such license. If the board shall refuse to grant a certificate for any of the reasons above stated, it shall enter such refusal upon its records, together with a statement of the grounds for such refusal. An appeal may be taken from the action of the board to the Circuit or Superior Court of the county in which such license was issued in case of revocation, and to the county where the applicant lives in case of refusal of a certificate, upon the licensee or applicant filing with the Clerk of such court, within thirty days from the entering of such order of revocation or refusal by said board, a good and sufficient bond in the sum of two hundred dollars ($200), to be approved by said Clerk, to secure the payment of costs of such appeal, should the appeal be determined against him. It shall thereupon be the duty of such Clerk to notify the said board of the filing of such bond, and said board shall thereupon forward to said Clerk the charges, together with a copy of the order of revocation, where there has been a revocation, or the application for a certificate and a copy of the order of refusal where there has been a refusal to grant a certificate. The Clerk of said court shall thereupon docket the same as a cause pending in said court. Said verified charges shall be treated as a complaint. The accused may plead to said charges and issues may be formed thereon as in any civil case, and the same shall thereupon be tried by the Judge of the Circuit Court. It shall be the duty of the Prosecuting Attorney of the circuit to which said county belongs to appear in such case and represent the board. The only finding and judgment in such cases shall be "Guilty" or "Not guilty," the same to be rendered separately as to each of the charges. If the finding and judgment of the court be "Not guilty" as to each of said charges, the same shall be by the Clerk of said court certified to said board, and it shall thereupon make an order setting aside its order of revocation, and forward to the Clerk of said court a certified copy thereof, which shall be entered upon the margin of the record of said license. If judgment of "Guilty" of any of said charges be awarded in said case, the costs of such proceedings shall be recovered of the accused and a fee of ten dollars ($10) shall be taxed therein in favor of the Prosecuting Attorney, and the order of revocation made by said board shall be and remain in effect. During the pendency of such appeal the accused shall not be entitled to practice by virtue of such license. Where the appeal is from a refusal to grant a certificate, the same shall be heard upon the application and certified copy of the order of refusal without any other issues; the same to be tried by the Judge of said court, who shall, upon his finding, enter a judgment that the license shall or shall not be issued as the facts may require, and upon such order the Clerk of such court shall issue the proper license showing therein the authority by which it is issued, and shall report the same to the State Board. The Prosecuting Attorney shall represent the board in such appeal, and if the court shall refuse the license judgment shall be entered against the applicant for costs, including ten dollars ($10) fee for the Prosecuting Attorney. Appeals from the judgment of said court may be prosecuted to the Supreme Court as in other civil cases, either by said board in its own name or by the applicant or holder of such license or certificate, where the judgment may be against him. No fees other than the fees of its own witnesses shall be taxed against said board in any event. Where the applicant shall appeal from a refusal to grant a certificate, the cause shall be docketed in the name of the applicant against the State Board of Medical Registration and Examination. Where the license or certificate shall have been revoked, the cause shall be entitled The State Board of Medical Registration and Examination, against A B (the holder of the license). (As amended March 11, 1901.)

This section has been twice construed by the Supreme Court.

State v. Webster, 150 Ind. 607;

In re Application of Eliza E. Coffin, 152 Ind. 439.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same shall on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar ($1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the board. Such applicant shall pay to said board the sum of five dollars ($5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the board shall require, and pay a fee of ten dollars ($10). Such evidence of qualification being satisfactory to the board it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. The license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in section two of this act and shall be subject to revocation for the same cause as provided in section five in case of license to physicians. (As amended March 3, 1899, Acts 1899, p. 252.)

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous services in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States army, navy or marine hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides, when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends into the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction therof shall subject the offender to a fine of not less than twenty--five dollars ($25) nor more than two hundred dollars ($200). (As amended March 3, 1899, Acts 1899, p. 253.)

Sec. 8. To open an office for such purpose or to announce to the public in any way, a readiness to practice medicine in any county of the State or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine within the meaning of this act: Provided, That nothing in this act shall be construed to apply to or

limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act, if any one shall use in connection with his or her name the words or letters "Dr." "Doctor," "Professor," "M. D." or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided, That this act shall not be construed to apply to nonitinerant opticians who are at this time engaged in, or who may hereafter engage in the practice of optometry in this State, nor to professional or other nurses. In charging any person in an affidavit, information or indictment with a violation of this law by practicing medicine, surgery or obstetrics without license, it shall be sufficient to charge that he did, upon a certain day and in a certain county, engage in the practice of medicine, he not having any license to so do, without averring any further or more particular facts concerning the same. (As amended March 11, 1901.)

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars ($25) nor more than two hundred dollars ($200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An act regulating the practice of medicine surgery and obstetrics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Sec. 3. Three thousand (3,000) copies of the annual report of the Board to the Governor shall be printed in the same manner as the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund. (Added in 1899 and amended March 11, 1901.)

Additional Sec. 4. The said board may grant limited certificates which shall authorize the proper clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in materia medica, nor shall the college from which he presents a diploma be required to conform to the standard fixed by said board as to instructions in materia medica, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided, further, That any person now holding a diploma issued from any college of osteopathy in the United States, and (who) is (now) a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said board and clerk and paying the fee required by this act.

This law is constitutional.

STATE BOARD MEDICAL REGISTRATION—ADDITIONAL MEMBER.

(Sec. 136. Approved March 4, 1905.)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That within sixty days after this law goes into effect it shall be the duty of the Governor to appoint an additional member of the State Board of Medical Registration and Examination, which board shall thereafter consist of six members, each of whom shall serve as heretofore for a term of office of four years, and until his successor shall have been appointed and qualified. The additional member so appointed shall be a reputable practicing physician and a graduate of a reputable school or college of the system by which he practices, and shall belong to some school or system of practice other than those which are now represented upon said board, and his successor shall in the future always be of some school different from that of the remaining members of the board: Provided, That any osteopathist now practicing in and a resident of the State of Indiana, and holding a diploma from a reputable college of osteopathy, as determined by the State Board of Medical Registration and Examination, shall be eligible to an examination on proper application to the said board, and should he pass this examination, that he shall be granted a certificate for a license forthwith to practice osteopathy in the State of Indiana.

MEDICAL REGISTRATION AND EXAMINATION—REVOKED LICENSE—RESTORATION.

An Act Entitled "An Act to Authorize the State Board of Medical Registration and Examination to Restore a Licensed Physician to his Former Rights Under His License, Where His or Her License has Been Revoked by the Board.

(S. 38. Approved February 27, 1909.)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That in all cases heretofore or hereafter where the State Board of (Medical)) Registration and Examination has revoked the license of a physician or surgeon for any of the causes mentioned in section five of an act regulating the practice of medicine, surgery and obstetrics, providing for the issuance of licenses to practice, providing for the appointment of a State Board of Medical Registration and Examination, and defining their duties, defining certain misdemeanors and providing penalties and repealing all laws in conflict therewith, and certain acts therein specified, approved March 8, 1897, Acts of 1897, page 255, such State Board of Medical Registration and Examination upon a satisfactory showing by such physician or surgeon whose license has been revoked, shall have the power to restore such physician to his rights under his former license and permit him to practice medicine, surgery and obstetrics, as though said license had not been revoked.

Sec. 2. Whereas, there is an emergency for the immediate taking effect of this act, therefore the same shall be in force and effect from and after its passage.

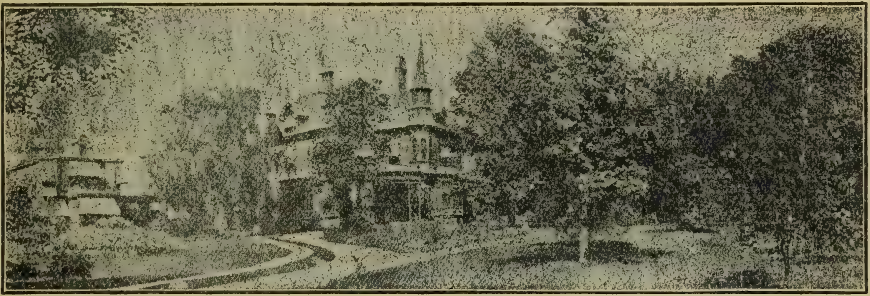
Keeley Cure 1087 DENNISON AVE., **COLUMBUS, OHIO**
Successful Treatment for Liquor and Drug Using, Neurasthenia, Tobacco and Cigarette addictions. (See pages 27 and 28.)

"NORWAYS" SANATORIUM, Inc., FOR NERVOUS DISEASES
1820 E. Tenth St. (Facing Woodruff Park), INDIANAPOLIS, IND.
Consulting hours by appointment only from 10 to 12 a. m., 2 to 4 p. m. Visiting Hours to Patients, 3 to 5 p. m. Telephones—Old, Woodruff 1999; New 3X3.



"NORWAYS" SANATORIUM.
Is strictly a sanatorium for the care and treatment of the sick. It is not a place for persons in search of amusement. The institution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants and specially trained nurses. Patients suffering from all forms of **nervous disease, both medical and surgical,** rheumatism, kidney troubles, the various drug habits are accepted. **Paralytic children** and those in need of the "rest cure" are especially treated. Only mild mental cases are taken. Separate building for such patients.
Terms.—All charges are payable weekly, one week in advance, without exception. They range from $35 to $90 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse ($20 to $25 per week) is demanded. Average rate, $50 per week.
The first complete examination is $10 to $25, whether a patient remain in the institution or not.
Fees for operations depend upon special conditions and are not included above.
Outdoor patients will be charged according to the treatment employed.
Garments.—Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.
Every patient must adhere to printed rules and regulations of the sanatorium. These are posted in proper places about the building. No exception will be made to them in any case.
N. B.—No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to **"NORWAYS" SANATORIUM, Inc.**

IOWA.

CAPITAL, DES MOINES, IOWA.

Population, 2,224,771.
(U. S. Census of 1910.)
Number of Physicians, 3,604.

Iowa was organized as a territory in July, 1838, admitted as a state March 3, 1845, and readmitted, with enlarged boundaries, December 28, 1846.

The total land surface of Iowa, is approximately, 55,475 square miles. It extends from 40 degrees 25 minutes to 43 degrees 30 minutes north latitude, and from 90 degrees 18 minutes to 96 degrees 53 minutes west longitude, and is bounded on the north by Minnesota, on the south by Missouri, on the east by Wisconsin and Illinois and on the west by Dakota and Nebraska. Iowa forms part of a vast plain and there are no mountains or ranges of hills within the state. The only slopes and surface diversities are formed by the streams, many of which have cut deep valleys into the general level. The highest portion of the state is the elevated plateau forming the divide between the rivers which empty into the Mississipi river and those which empty into the Missouri river. The lowest point of the state is the southeast extremity at Keokuk, where the Des Moines river empties into the Mississippi. It is 444 feet above sea level. The most elevated section is near Spirit Lake in the northwestern portion, which is 1,694 feet above sea level. The state is particularly well watered, the principal rivers being the Mississippi and Missouri, which form respectively its eastern and western limits, and the Cedar, Iowa, Des Moines, Wapsipincon and Skunk, affluents of the first named, and the Big Sioux, Little Sioux, Boyers and Nishnabotna, which empty into the Missouri. There are numbers of beautiful small lakes scattered throughout the state. The climate of Iowa is free from injurious extremes, and the purity and dryness of the atmosphere is a marked characteristic. The mean annual temperature as observed at Des Moines is 48.94 degrees, that of the summer 71.80 degrees and of the winter 25.39 degrees. The average rainfall is about 43 inches.

MEDICAL LAW OF IOWA.

Chapter XVII., Title 12, Code.—Of the Practice of Medicine.

Section 2576. Board of Medical Examiners—Examinations—Certificates.—The State Board of Medical Examiners shall consist of the physicians of the State Board of Health, and the Secretary of the Board of Health shall be secretary thereof. It shall hold regular meetings in January and July, and special ones as may be necessary, due notice thereof being given, at which it shall discharge the duties contemplated by this chapter. All examinations shall be in writing, each candidate for examination in any school of medicine being given the same set of questions covering anatomy, physiology, general chemistry, pathology, surgery and obstetrics. In materia medica, therapeutics, and the principles of practices of medicine, a set of questions shall be used corresponding to the school of medicine which the applicant desires to practice. The examination papers, when concluded, shall be marked upon a scale of one hundred, each candidate for examination first to pay to the Secretary of the Board a fee of ten dollars therefor. The average required to pass shall be fixed by the board prior to the examination. Each applicant shall, upon obtaining an order for examination, receive from the secretary, a confidential number which he shall place upon his work when completed, so that the board, in passing thereon, shall not know by whom it was prepared. All matters connected therewith shall be filed with the secretary and preserved for five years as a part of the records of the board, during which time they shall be open to public inspection. If the examination is satisfactory to five members of the board, it shall issue its certificate, under its seal, signed by its president, secretary and not less than three other members, who may, in the absence of the others, act as an Examining Board, and the different schools of medicine represented in the Board of Health shall be represented in said number. The certificate, while in force, shall confer upon the holder the right to practice medicine, surgery and obstetrics, and be conclusive evidence thereof. In all examinations made or proceedings had pursuant to the provisions of this chapter, any member of the board may administer oaths and take testimony in any manner authorized by law. Any one failing in his examination shall be entitled to a second one, within three months thereafter, without further fee. If any person shall by notice in writing apply to the Secretary of the Board for an examination or a re-examination, and it fails or neglects for three months thereafter to give him the same, he may, notwithstanding any provisions of this chapter, practice medicine until the next regular meeting of the board without the required certificate.

Sec. 2577. Recording Certificate.—Every certificate issued under this chapter shall show whether it was granted upon examination or diploma and the school of medicine the holder practices under. He shall, before engaging in the practice of medicine, file the same for record in the office of the Recorder of the County in which he resides, who shall record it in a book provided for that purpose, which record shall be open to public inspection, and for which service the Recorder may charge a fee of fifty cents, to be paid by the holder of the certificate. The same record must be made of the certificate in any county to which the holder may remove and in which he proposes to practice.

Sec. 2578. The Board of Medical Examiners may refuse to grant a certificate to any person otherwise qualified and shall revoke any certificate issued by it to any physician, who is not of good moral character, or who solicits professional patronage by agents, or who profits by the acts of those representing themselves to be his agents, or who is guilty of fraudulent representations as to his skill and ability, or who is guilty of gross unprofessional conduct, or for incompetency, or for habitual intoxication or drug habit; or if the certificate has been granted upon false and fraudulent statements as to graduation or length of practice, the Board of Medical Examiners shall, to safeguard the public health, revoke the certificate in the manner hereinafter set forth. Before the revocation of any certificate issued by the State Board of Medical Examiners the licentiate shall have been afforded an opportunity for a hearing before the board. At least twenty (20) days prior to the date set for such a hearing, the Secretary of the State Board of Medical Examiners shall cause a written notice to be personally served upon the defendant in the manner described for the serving of original notice in civil actions. Said notice shall contain a statement of the charges and the date and place set for the hearing before the board. If the party thus notified fails to appear, either in person or by counsel at the time and place designated in said notice, the board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance of notice, revoke said certificate. If the licentiate appear either in person or by counsel, the board shall proceed with the hearing as herein provided. The board may receive and consider affidavits and oral statements and shall cause stenographic reports of the oral testimony to be taken, which, together with all other papers pertaining thereto, shall be preserved for two years. If five members of the board, present at the hearing, are satisfied that the licentiate is guilty of any of the offenses charged the license shall be revoked. After the revocation of a certificate the holder thereof shall not practice medicine, surgery or obstetrics in this State, for such times as the State Board of Health may determine. Any person aggrieved by any ruling or order entered under the provisions of this act shall have the right of an appeal to the District Court in the county where the alleged offense was committed, upon giving notice to the Board of Medical Examiners of such appeal within twenty days after the entry of such ruling, order or judgment.

Sec. 2579. Who Deemed Practitioner.—Any person shall be held as practicing medicine, surgery or obstetrics, or to be a physician within the meaning of this chapter, who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties, or who shall make a practice of prescribing or of prescribing and furnishing medicine for the sick, or who shall publicly profess to cure or heal; but it shall not be construed to prohibit students of medicine, surgery or obstetrics, who have not had less than two courses of lectures in a medical school of good standing, from prescribing under the supervision of preceptors, or gratuitous service in case of emergency, nor to prevent the advertising, selling or prescribing natural mineral waters flowing from wells or springs, nor shall it apply to surgeons of the United States army, or navy, nor of the marine hospital service, nor to physicians or midwives who have obtained from the Board of Examiners a certificate permitting them to practice medicine, surgery or obstetrics without a diploma from a medical school or examination by the board, nor to physicians, as defined herein, who have been in practice in this State for five consecutive years, three years of which time shall have been in one locality, nor to filling prescriptions by a registered pharmacist, nor to the advertising and sale of patent or proprietary medicines.

Sec. 2580. Penalties.—Any person who shall present to the Board of Medical Examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a certificate as herein provided, or shall file or attempt to file, with the Recorder of any county in the State the certificate of another as his own, or who shall falsely personate any one to whom a certificate has been granted by such board, or shall practice medicine, surgery or obstetrics in the State without having first obtained and filed for record the certificate herein required, and who is not embraced in any of the exceptions contained in this chapter, or who continues to practice medicine, surgery or obstetrics after the revocation of his certificate is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs of prosecution, and shall stand committed to the county jail until such fine is paid; and whoever shall file or attempt to file with the Recorder of any county in the State the certificate of another with the name of the party to whom it was granted or issued erased and the claimant's name inserted, or shall file or attempt

ANTIKAMNIA AND CODEINE TABLETS
For Neuroses of the Larynx, Menstrual Neuroses, Etc.

to file with the Board of Medical Examiners any false or forged affidavit of identification, shall be guilty of forgery.

Sec. 2581. Itinerant Physician.—Every physician practicing medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliances or methods, who, by himself, agent or employe goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him for professional treatment at places other than his office at the place of his residence, shall be considered an itinerant physician; and any such itinerant physician shall, in addition to the certificate elsewhere provided for in this chapter, procure from the State Board of Medical Examiners a license as an itinerant, for which he shall pay to the Treasurer of State, for use of the State of Iowa, the sum of two hundred and fifty dollars per annum. Upon payment of this sum, the secretary shall issue to the applicant therefor a license to practice within the State, as itinerant physician, for one year from the date thereof. The board may, for satisfactory reasons, refuse to issue such license, or may cancel such license upon satisfactory evidence of incompetency or gross immorality. Any person practicing medicine as an itinerant physician, as herein defined, without having procured such license, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs, and shall be committed to the county jail until such fine is paid; Provided, however, that nothing herein shall be construed to prevent any physician otherwise legally qualified from attending patients in any part of the State to whom he may be called in the regular course of business, or in consultation with other physicians.

Sec. 2582. Examination and Diploma Required.—From and after January 1, 1899, all persons beginning the practice of medicine in the State of Iowa must submit to an examination as set forth in this chapter, and in addition thereto, shall present diplomas from medical colleges recognized as in good standing by the State Board of Medical Examiners, and all persons receiving their diplomas subsequent to January 1, 1899, shall present evidence of having attended four full courses of study of not less than twenty-six weeks each, no two of which shall have been given in any one year. The State Board of Medical Examiners shall examine the graduates of the Medical Departments of the State University of Iowa and of such other medical colleges in this State as are recognized by said Board of Medical Examiners as being in good and legal standing at the Annual Medical Commencement and at the location of said State University and other medical colleges respectively.

Sec. 2583. Fees. Compensation—Expenses of Board.—Each member of the Board of Medical Examiners shall receive, out of the fund created by the payment of fees by applicants for examination or certificates, the sum of eight dollars for each day, and necessary traveling expenses, for the time he is actually engaged in the discharge of his duties as a member of the board, and the secretary shall receive a sum not to exceed twenty-five dollars ($25) per month and his necessary expenses incurred for services which cannot be performed at the capitol. All printing, postage and other contingent office expenses necessarily incurred under the provisions of this chapter, shall be paid from said fund. Any balance of said funds remaining shall be turned over to the State Treasurer for the use of the school fund.

CHAPTER XVIIa, TITLE XII, OF SUPPLEMENT TO CODE.—OF THE PRACTICE OF OSTEOPATHY.

Section 2583a. Diploma—Examination—Certificate.—Any person holding a diploma from a legally incorporated school of osteopathy, recognized as of good standing by the Iowa Osteopathic Association, and wherein the course of study comprises a term of at least twenty (20) months, of four (4) terms of five (5) months each, in actual attendance at such school, and which shall include instruction in the following branches, to-wit: Anatomy, including dissection of a full lateral half of the cadaver; physiology, chemistry, histology, pathology, gynecology, obstetrics and theory of osteopathy, and two full terms of practice of osteopathy, shall upon the presentation of such diploma to the State Board of Medical Examiners and satisfying such board that he is the legal holder thereof, be granted by such board an examination on the branches herein named (except upon the theory and practice of osteopathy until such time as there may be appointed an osteopath physician on the State Board of Health and of Medical Examiners). The fee for said examination, which shall accompany the application, shall be ten dollars ($10) and the examination shall be conducted in the same manner, and at the same place and on the same date that physicians are examined as prescribed by section twenty-five hundred and seventy-six (2576) of the Code. The same general average shall be required as in cases of physicians; provided that osteopaths who are graduates of legally incorporated schools of osteopathy as above recognized, and who are at the time of the passage of this act engaged in the practice of osteopathy in Iowa, shall be entitled to receive a certificate upon the payment of the prescribed fee without such examination. Upon passing a satisfactory examination as above prescribed the said Board of Medical Examiners shall issue a certificate to the applicant therefor, signed by the president and secretary of said board, which certificate shall authorize the holder thereof to practice osteopathy in the State of Iowa. This certificate when issued shall be registered with the Recorder of the county in which the holder thereof resides and for which he shall pay a fee of fifty cents (50c). And the holder thereof shall not be subject to the provisions of section 2580 of the Code.

Sec. 2583-b. Drugs.—Major or Operative Surgery. The certificate provided for in the foregoing section shall not authorize the holder thereof to prescribe or use drugs in his practice, nor to perform major or operative surgery.

Sec. 2583-c. Revocation of Certificates.—The Board of Medical Examiners may refuse to grant a certificate to any person otherwise qualified, who is not of good moral character. For like cause, or for incompetency, or habitual intoxication, or upon satisfactory evidence by affidavit or otherwise that a certificate had been granted upon false and fraudulent statements as to graduation or length of practice, the said board may revoke a certificate by an affirmative vote of the last five (5)

members of the board which number shall include one or more members of the different schools of medicine represented in said board. After the revocation of a certificate, the holder thereof shall not practice osteopathy, surgery, or obstetrics in this State.

Sec. 2583-d. Fraudulent Diploma—False Representation—Penalties.—Any person who shall present to the Board of Medical Examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a certificate as herein provided, or shall file, or attempt to file, with the Recorder of any county in the State the certificate of another as his own, or who shall falsely personate anyone to whom a certificate has been granted by such board, or shall practice osteopathy, surgery or obstetrics in the State without having first obtained and filed for record the certificates herein required, and who continues to practice osteopathy, surgery or obstetrics after the revocation of his certificate, is guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than three hundred dollars ($300), nor more than five hundred dollars ($500), and costs of prosecution, and shall stand committed to the county jail until such fine is paid; and whoever shall file or attempt to file with the Recorder of any county in the State the certificate of another with the name of the party to whom it was granted or issued erased, and the claimant's name inserted, or shall file or attempt to file with the Board of Medical Examiners any false or forged affidavit of identification, shall be guilty of forgery.

Sec. 2583-e. Itinerant Osteopath—License—Every person practicing osteopathy, or obstetrics, professing to treat, cure or heal diseases, ailments or injury by any osteopathic application or method, who goes from place to place, or from house to house, or by circulars, letters or advertisements solicits persons to meet him for professional treatment at places other than his office at the place of his residence, shall be considered an itinerant osteopath; and such itinerant osteopath shall, in addition to the certificate elsewhere provided for in this chapter, procure from the State Board of Medical Examiners a license as an itinerant, for which he shall pay to the Treasurer of the State, for use of the State of Iowa, the sum of two hundred and fifty dollars ($250) per annum. Upon payment of this sum, the Secretary shall issue to the applicant therefor a license to practice within the State, as an itinerant osteopath, for one year from the date thereof. The board may, for satisfactory reasons, refuse to issue such license, or may cancel such license upon satisfactory evidence of incompetency or gross immorality.

Sec. 2583-f. Acts in Conflict—Repeal.—All acts and parts of acts in conflict herewith are hereby repealed.

INFORMATION UPON RECIPROCITY.

The Iowa State Board of Medical Examiners issues two forms of Reciprocal certificates. Reciprocity—A and Reciprocity—B.

RECIPROCITY—A.

Upon the basis of a written examination in all the subjects required by this board by a State Examining Board having reciprocal relations with the Iowa board; provided, the applicant was a graduate of a medical college recognized by the Iowa State Board of Medical Examiners as in good standing upon the date of said graduation, and that the general average attained by the applicant at said examination was not below 75 per cent., but no certificate will be granted to an applicant whose grade in either physiology, obstetrics, pathology, or practice is below sixty (60) per cent.

The Iowa board places no general limitation as to the date of examination, but if the State issuing the certificate upon which reciprocity is asked limits reciprocal agreements to certificates issued upon examination held subsequent to a specified date, the same limitations shall be imposed upon its licentiates applying for recognition by the Iowa board.

The following States have been admitted under Reciprocity—A only:
Colorado, New Jersey, Virginia, Delaware, Texas, Wyoming.

RECIPROCITY—B.

Upon a certificate issued by another State holding reciprocal relations with Iowa upon the basis of a diploma without State examination; provided, that the diploma was issued prior to January 1, 1899, by a medical college entitled to recognition by the Iowa Board of Medical Examiners on the date said diploma was issued.

The following States have been admitted under both Reciprocity—A and B:
Georgia, Minnesota, North Carolina, Indiana, Missouri, Ohio, Kansas, Nebraska, South Carolina, Kentucky, Nevada, Utah, Maine, New Hampshire, West Virginia, Maryland, New Mexico, Wisconsin, Michigan.

THE Keeley Cure

For Nervousness and Craving for Liquor, Drugs and Tobacco

ESTABLISHED 22 YEARS 706 FOURTH STREET, DES MOINES, IOWA

Alcohol paralyzes the nerves, impairs the functions of the brain cells, and their diseased condition is the result. The **KEELEY CURE**, recognizing the diseased condition, believes that time is required for its cure as with any other disease. The general health improves from the beginning, the nervous system is built up, the nerve cells restored to their original unpoisoned condition and the craving for alcohol is eliminated.

THE KEELEY INSTITUTE, Incorporated
The Only Genuine Keeley Institute in Iowa.

KANSAS.

CAPITAL, TOPEKA.

Population of State, 1,690,949.
(U. S Census, 1910.)
Number of Physicians, 2,798.

Kansas is a part of that great tract of country purchased by the United States from France in 1803, known as the Louisiana Purchase. It was organized as a territory, May 30, 1854, and admitted as a state January 29, 1861. A gently undulating plain 210 miles in width from north to south and 400 miles long from east to west; this is the first thing to be said about the great agricultural state which lies in the very heart of the American continent. The plain slopes from west to east at an average of about seven feet to the mile; there is also an inclination from north to south as indicated by the water courses which bear generally in a south easterly direction. The mouth of the Kansas river, on the eastern boundary, is 750 feet above sea level; the average altitude of the western boundary is about 3,500 feet.

The state lies within the meridian of 94 degrees 37 minutes and 102 degrees west longitude and the parallels 37 degrees and 40 degrees north latitude, and is bounded on the north by Nebraska, on the south by Oklahoma, on the east by the State of Missouri and the Missouri river and on the west by Colorado. The total land surface is approximately 81,700 square miles. It is the central state of the Union, excluding the remote possessions, being equi-distant from the Atlantic and Pacific oceans on the east and west and the British possessions and Mexico on the north and south.

The geographical position of Kansas is an unanswerable argument in favor of its healthfulness. The enterprise and vigorous advancement shown in the years of settlement contribute another premise to the logic whose conclusion is that Kansas is all that can be desired for health and vigorous, pushing health at that. From a weather record observed at Lawrence it appears that the mean temperature for the spring months is 54 degrees, for summer 76.39 degrees, for autumn 52.89 degrees, and for winter 30.08 degrees; the mean temperature for the year is 53.34 degrees. This places Kansas in line with the States of Missouri, Southern Illinois, Southern Indiana, Southern Ohio, Kentucky, the Virginias and Maryland. The average rainfall is about 31.75 inches.

MEDICAL LAW OF KANSAS.

Chapter 254, of the Session Laws of 1901, Relating to the Practice of Medicine.

An Act to Create a State Board of Medical Registration and Examination and to Regulate the Practice of Medicine, Surgery and Osteopathy in the State of Kansas, Prescribing Penalties for the Violation Thereof, and Repealing Chapter 68, of the Session Laws of 1870.

Be it enacted by the Legislature of the State of Kansas:

Section 1. Within sixty days after the passage of this act, the Governor, by and with the consent of the Senate, shall appoint a State Board of Medical Registration and Examination, consisting of seven members, one to serve for one year, two for two years, two for three years, and two for four years, and the successors of each shall be appointed in the same manner for the term of four years, who shall be physicians in good standing in their profession, and who shall have received the degree of doctor of medicine from some reputable medical college or university not less than six years prior to their appointment, representation to be given to the different schools of practice as nearly as possible in proportion to their numerical strength in this State, but no one school to have a majority of the whole board. Each member of the board shall take and subscribe the oath prescribed by law for State officers, which oath shall be filed with the Secretary of State. The board shall organize by the selection of a president and secretary from among their own number, each to serve for one term as the board may designate, not exceeding four years. It shall have a common seal, and shall formulate rules to govern its actions. Its president and secretary shall have power to administer oaths pertaining to all matters related to the business of the board. The secretary shall furnish to said board a satisfactory bond conditioned for the faithful performance of his official duties. Said board shall hold regular meetings on the second Tuesday in February, June and October, of each year, and one other meeting at such time and place as the board may designate, in such of the chief cities of the State as the board may designate. Five members shall constitute a quorum for the transaction of all business, but no license to practice medicine and surgery shall be issued by the board upon less than five affirmative votes when the full board is present, or upon less than a majority affirmative votes when less than full board is present. The board shall keep a record of all of its proceedings, and also a register of all applicants for license to practice medicine in all of its branches within the State, together with a record showing the age of the applicant, time spent in the study of medicine, and the name and location of the institution or institutions from which the applicant may have received degrees or certificates of medical instructions; also, whether the candidate was licensed or rejected, said books and register shall be prima facie evidence of all matters recorded therein.

Sec. 2. All persons engaged in the practice of medicine on the date of the passage of this act, shall, within four months from the date of such passage, apply to the Board of Registration and Examination for a license to practice. To all such as present the following qualifications, the board shall issue a license upon payment of fee hereinafter specified: If a graduate in medicine or surgery, he shall either personally or by letter or proxy present his diploma to the State Board of Medical Registration and Examination for verification. Accompanying such diploma the applicant shall file his affidavit, duly attested, stating that the applicant is the person named in the diploma and is the lawful possessor of the same, and giving his age and time spent in the study of medicine. If the board shall find the diploma to be genuine, and from a legally chartered medical institution, in good standing, as determined by the board, and the person named therein, be the person holding and presenting same, the board shall issue its certificate to that effect, signed by its president and secretary, which, when left for record with the County Clerk of the county in which said applicant practices, as hereinafter required, shall be conclusive

writing, and shall be accompanied by the fee hereinafter specified, together with the age and residence of the applicant, proof that he or she is of good moral character and satisfactory evidence that he or she has devoted not less than three periods of six months each, no two in the same twelve months, or if after April 1, 1902, four periods of not less than six months each, no two in the same twelve months, to the study of medicine and surgery. All such candidates, except as hereinafter provided, shall submit to an examination of a character to test their qualifications as practitioners of medicine or surgery, and which shall embrace all those topics and subjects a knowledge of which is generally required by reputable medical colleges of the United States for the degree of doctor of medicine; provided, that the examination in materia medica and therapeutics, and in the theory and practice of medicine, shall be conducted by those members of the board who are of the same school of practice as the applicant claims to follow; provided, further, that graduates of legally chartered medical institutions of the United States or foreign countries in good standing as determined by the board may be, at the discretion of the board, granted a license without examination; provided, further, that any graduate of a legally chartered school of osteopathy wherein the requirements for the giving of a diploma shall include a course of instruction of not less than four terms of five months each, in two or more separate years, shall be given a certificate of license to practice osteopathy upon the presentation of such diploma; provided, further, that the board may in its discretion accept, in lieu of examination or diploma, the certificate of the Board of Registration and Examination of any other State or Territory, of the United States or any foreign country whose standards of qualification for practice are equivalent to those of this State; provided, that a temporary certificate may be issued to any student of medicine, or practitioner of medicine, who is not qualified under the law upon the written request of a majority of the practitioners of medicine under this act in the county in which he or she desires to practice, or if there be no practitioners registered under this act in any county in this State, the board shall issue a temporary permit to persons as above described upon the application of the Board of County Commissioners of said county.

Sec. 4. Upon the completion of the examination or the acceptance of the diploma or certificate as herein provided, the said board shall, if it finds the applicant qualified, grant and issue a certificate to said applicant to practice medicine and surgery or osteopathy within this State, and which shall be signed by the president and secretary and attested by the seal of the board. Within thirty days of the date of any certificate of license having been granted and issued by the board, the owner thereof shall have it recorded as hereinafter provided, in the office of the Clerk of the county in which he resides, or if a non-resident of this State, then of the county in which he has an office or intends to practice, and the date of recording shall be endorsed thereon, and until such certificate or license is recorded he shall not exercise any of the rights or privileges therein conferred. The County Clerk shall keep in a book for the purpose, a complete list of the certificates recorded by him, which book shall be open to public inspection during business hours. Between the first and twentieth days of December in each year, the County Clerk shall furnish the Secretary of the Board a list of all certificates recorded, and in force, and also a list of all certificates which have been revoked, or the owners of which have removed from the county or died during the year. The fee for the recording and reporting of such certificates shall not exceed one dollar.

Sec. 5. The fee for the issuance of a certificate to all those found qualified to practice medicine, surgery or osteopathy without examination as provided under section 2, shall be two dollars. The fee for examination shall be fixed by the board, but shall not exceed fifteen dollars. The fee for examination of diploma, or certificate from an Examining Board of another State, shall also be fixed by the board, but shall not exceed ten dollars. All moneys received by the board shall be paid by the secretary thereof into the State Treasury monthly. The compensation and actual traveling and other expenses of the board shall be paid from the Treasury of the State; provided that the total amount paid from the State Treasury under the provisions of this act shall not exceed the amount paid into the Treasury as herein provided. The compensation of the members of the board shall be six dollars for every day actually spent in the discharge of their duties. In addition to his actual traveling expenses, the secretary shall receive a salary to be fixed by the board, but it shall not exceed eight hundred dollars per annum. All of such compensation and traveling expenses shall be approved by the president and secretary of the board. It shall be the duty of said board to make a report of their proceedings to the Governor annually on or before the 15th of November, which report shall include an account of all moneys received and disbursed by them.

Sec. 6. Any person shall be regarded as practicing medicine and surgery within the meaning of this act who shall prescribe, or who shall recommend for a fee for like use, any drug, or medicine, or perform any surgical operation of whatever nature for the cure or relief of any wounds, fracture or bodily injury, infirmity or disease of other person, or who shall use the words or letters "Dr.," "Doctor," "M. D.," or any other title in connection with his name which in any way represents him as engaged in the practice of medicine and surgery, but nothing in this act shall be construed as interfering with any religious beliefs in the treatment of disease: Provided, that quarantine regulations relating to contagious diseases are not infringed upon. All persons who practice osteopathy shall be registered and licensed as doctors of osteopathy as hereinbefore provided, but they shall not administer drugs or medicines of any kind nor perform operations in surgery. This act shall not apply to any commissioned medical officer of the United States army, navy, or marine service, in the discharge of his official duties, nor to any legally qualified dentist, when engaged in the legitimate practice of his profession; nor to any physician or surgeon who is called from another State or Territory in consultation with a licensed physician of this State, or to treat a particular case in conjunction with a licensed practitioner of the State, and who does not otherwise practice in the State. Nor shall anything in this act apply to the administration of domestic medicines, nor to prohibit evidence that its owner is entitled to practice medicine and surgery in this State. If a practitioner of medicine, in Kansas, at the time of the passage of this act, but not a graduate of medicine or surgery as above defined, he shall either personally or by letter or proxy furnish the board affidavits duly attested stating the period during which, and the places at which he has been engaged in the practice of medicine or surgery. If the board is satisfied from the affidavit and other information received that the applicant was a resident engaged continuously in the practice of medicine in the State of Kansas, for seven years prior to the passage of this act, it shall issue its certificate to that effect, which, when left for record with the County Clerk of the county in which he resides, shall be conclusive evidence that its owner is entitled to practice medicine and surgery in this State. If engaged in the practice of medicine in this State at the time of the passage of this act for a less period than seven years prior to the passage of this act, and not a graduate in medicine or surgery as above defined, the applicant shall present himself before the board and submit to such examination as to his qualifications for the practice of medicine and surgery as the board may require. If the applicant passes the examination satisfactory to the board, the board shall issue its certificate to that effect, which, when left for record with the County Clerk of the county in which he resides, shall entitle its owner to practice medicine or surgery in this State. The board may refuse to grant a certificate to any person guilty of felony or gross immorality or addicted to the liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery and may after notice and hearing revoke the certificate for like cause.

Sec. 3. All persons intending to practice medicine, surgery or osteopathy after the passage of this act, and all persons who shall not have complied with section 2 of this act shall apply to said board at any regular meeting or at any other time or place as may be designated by the board, for a license. Application shall be made in gratuitious services; provided, any person holding a diploma issued by an optical college and who has studied the anatomy of the eye and contiguous parts, human physiology and natural philosophy for at least six months under a competent teacher and who shall pass examination satisfactory to the State Board of Medical Registration and Examination, shall be eligible to register as an "Optician" or "Doctor of Optics" and shall be otherwise governed by this act so far as the same is applicable.

Sec. 7. From and after the 1st day of September, 1901, any person who shall practice medicine and surgery or osteopathy in the State of Kansas without having received and had recorded a certificate under the provisions of this act, or any person violating any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not less than fifty dollars nor more than two hundred dollars for each offense and in no case wherein this act shall have been violated shall any person so violating receive compensation for services rendered. It shall be the duty of the Secretary of the State Board of Registration and Examination to see that this act is enforced.

Sec. 8. Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of said Board of Registration shall be deemed guilty of perjury.

Sec. 9. Chapter 68, of the Session Laws of 1870, is hereby repealed.

Sec. 10. This act shall take effect and be in force from and after its publication in the official State paper.

Approved March 1st, 1901.

Published in official State paper March 22nd, 1901.

SENATE BILL NO. 69.

(Approved January, 1908.)

An Act Amending Chapter 254 of the Laws of 1901, the Same Being An Act Entitled, "An Act to Create a State Board of Medical Registration and Examination and to Regulate the Practice of Medicine, Surgery and Osteopathy in the State of Kansas, to Provide Penalties for the Violation Thereof and Repealing Chapter 68 of Session Laws of 1870," and Repealing Section 6 of Chapter 254 of the Laws of 1901.

Be it enacted by the Legislature of the State of Kansas:

Section 1. That section 6 of chapter 254 of the laws of 1901 be amended to read as follows: Section 6. Any person shall be regarded as practicing medicine and surgery within the meaning of this act who shall prescribe, or who shall recommend for a fee, for like use, any drug or medicine, or perform any surgical operation of whatsoever nature for the cure or relief of any wounds, fracture or bodily injury, infirmity or disease of another person or who shall use the words or letters ,"Dr.," "doctor," "M. D.," or any other title in connection with his name which in any way represents him as engaged in the practice of medicine or surgery, or any person attempting to treat the sick or others afflicted with bodily or mental infirmities or any person representing or advertising himself by any means or through any medium whatsoever, or in any manner whatsoever, so as to indicate he is authorized to or does practice medicine or surgery in this State, or that he is authorized to or does treat the sick or others afflicted with bodily infirmities, but nothing in this act shall be construed as interfering with any religious beliefs in the treatment of diseases, provided that quarantine regulations relating to contagious diseases are not infringed upon. All persons who practice osteopathy shall be registered and licensed as doctors of osteopathy, as hereinbefore provided, but they shall not administer drugs or medicine of any kind nor perform operations in surgery.

This act shall not apply to any commissioned medical officer of the United States army, navy or marine service, in the discharge of his official duties; nor to any legally qualified dentist, when engaged in the legitimate practice of his profession; nor to any physician or surgeon who is called from another State or Territory in consultation with a licensed physician of this State, or to treat a particular case in conjunction with a licensed practitioner of this State, and who does not otherwise practice in the State. Nor shall anything in this act apply to the administration of domestic medicines, nor to prohibit gratuitous services; provided, any person holding a diploma issued by an optical college, and who has studied the anatomy of the eye and contiguous parts, human physiology and natural philosophy for at least six months under a competent teacher, and who shall pass examination satisfactory to the State Board of Medical Registration and Examination shall be eligible to register as an optician or doctor of optics, and shall be otherwise governed by this act so far as the same is applicable.

Sec. 2. That Section 6 of Chapter 254, of the Laws of 1901, is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the official State paper.

BONNER SPRINGS LODGE

BONNER SPRINGS, KANSAS

(A Suburb of Kansas City, Mo.)

A pleasant home for nervous invalids and narcotic habitues. The attention of the medical profession is respectfully called to the advantages offered at this institution in the care and treatment of Hysteria, Neurasthenia, Melancholia, Morphinism, Inebriety and the various psychoses. For the disorders mentioned a skillful combination of the family plan, or home treatment, with the appliances and regime of a first-class sanitarium are to be found at the Lodge. Far removed from the dust and heat of the city, the clang of car bells and the many distractions of a commercial center, we have a handsome and commodious structure of fifty rooms with 500 feet of broad verandas, steam heat, sanitary plumbing, baths, electricity, abundant water of the finest quality, a high and sightly location, a beautiful lawn, a magnificent view of the Kaw river and valley, and a park of eighty acres, containing many medicinal springs of undoubted value.

The Lodge is under the daily personal supervision of Dr. Henry C. Hays, who is a member of the regular medical profession and devotes his exclusive attention to nervous and mental diseases.

Particular attention is called to the fact that a nurse is assigned to each patient. Although this involves some additional expense, experience warrants the statement that the investment is a good one, individual attention being the keynote to success in these cases.

The Lodge is conducted upon strictly ethical lines, no patronage being solicited except through the profession.

The charges are as low as may be obtained at any institution of similar character and equal grade.

DR. BURNETT'S

PRIVATE SANITARIUM

(INCORPORATED)

AN ARISTOCRATIC HOME FOR MENTAL AND NERVOUS DISEASES, DRUG AND ALCOHOL HABITS

Separate apartments for each; 52 rooms; 13,000 square feet polished floors; 6 complete baths; Electric Light Baths on each floor; modern.

Scientific Equipments and Home Comforts without Hospital atmosphere.

DR. BURNETT'S

Preferred Method of Morphine Treatment; by this method no patient need know when the drug is discontinued and there will be no suffering if the patient obeys instructions. Inebriety with an underlying insanity is incureable; uncomplicated addictions are cureable by treating the patient instead of the habit.

Nervous, Mental and Inebriated cases are assigned to apartments by themselves and cannot annoy each other. Male and female apartments have no communication, male and female nurses respectfully assigned. Ethical Physicians are invited to visit the home.

References by Permission. Drs. Wm. J. Morton, Wm. L. Leszynsky, Graeme M. Hammond, Frederick Peterson, of New York; T. D. Crothers, of Hartford, Conn.

DR. S. GROVER BURNETT, Supt. & President.

POLK'S

DENTAL REGISTER

and DIRECTORY

IT IS A FACT that the leading and progressive men in the dental profession regard the **REGISTER** as a standard book of reference which ought to be in every dentist's library.

The Register is designed to so completely cover the dental directory field that further investment in that line will be unnecessary.

If you want to know the **COLLEGE STANDING** of the dentists you come in contact with, you will find it in the Register.

The **INDEX TO DENTISTS** in the Register will enable you to locate a **LOST FRIEND** if he is practicing anywhere in the United States.

Lists of Dentists arranged by States, giving Postoffice Address, with Population and Location of each place.

College and Class of Graduation.

All the Existing and Extinct Dental Colleges in the United States and Canada, with Location, Faculty, etc., arranged by States and Provinces.

Auxiliary and Post Graduate Institutions and Courses.

Dental Colleges in the United States and Canada arranged Alphabetically by Name.

Classified Directory of Business Pertaining to the Dental Profession.

The various National, Interstate, State and Local Dental Societies, Dental Journals, Boards of Dental Examiners, and other Dental Institutions.

The full text of the Laws for regulating the Practice of Dentistry in each State and Province.

Dental Department of the U. S. Army.

A Descriptive Sketch of each State and Territory and Province.

General Alphabetical list of Dentists, and reference to dental standing.

KENTUCKY.

CAPITAL, FRANKFORT.

Population of State, 2,289,905.
(U. S. Census, 1910.)
Number of Physicians, 3,309.

Kentucky was settled by Daniel Boone in 1769, organized as a territory in 1790 and admitted as a state June 1, 1792. The total land surface is approximately 40,000 square miles. It extends from 36 degrees 30 minutes to 39 degrees 6 minutes north latitude, and from 82 degrees 6 minutes to 89 degrees 44 minutes west longitude. and is bounded on the north by Ohio, Indiana and Illinois, on the west by Missouri, on the south by Tennessee, and on the east by Virginia and West Virginia. It has a river boundary of 813 miles, its northern border being washed by the Ohio, its eastern by the Big Sandy or Chattaroi and its western by the Mississippi; nearly all the other rivers which drain the state are affluents of the Ohio. The climate is mild and marked by no unhealthy extremes, the mean annual temperature being 55 degrees F.; that of the summer 73:96 degrees and of winter 38 degrees. The average annual rainfall along the Ohio river is about 48 inches, and in the southern extremity, 60 inches.

The following table shows increase in population since 1840:

1840	779,828	1880	1,648,690
1850	982,828	1890	1,858,635
1860	1,155,684	1900	2,147,174
1870	1,321,011	1910	2,289,905

THE MEDICAL LAW OF KENTUCKY.

(As Amended in 1904.)

Act of 1904.

Section 1. A board to be known as the State Board of Health is hereby established. It shall consist of eight members, all of whom shall be legally qualified, registered practitioners under this act, seven of whom shall be appointed by the Governor by and with the advice and consent of the Senate, and the eighth member, who **shall be the secretary and executive officer, shall be elected by the board, and by**

virtue of his office of secretary shall be a member of the board. One member of the board shall be a homeopathic, one an eclectic and one an osteopathic physician, and other appointed members shall be regular, or allopathic physicians, all to be appointer by the Governor from lists of three names for each vacancy, furnished respectively by the State Society or Association of such schools or systems of practice as are entitled to a member and the successors of such members shall be appointed in the same manner. If the board shall elect one of its members secretary, as it may do, the Governor shall appoint another member to complete the full number of the board. The president and secretary shall have authority to administer oaths for the purpose of this act, and the members of the board shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution for State officers.

Act of 1893.

Sec. 2. It shall be the duty of the county clerk of each county to purchase a book of suitable size, to be known as the "Medical Register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall, on the first day of January in each year, transmit to the office of the State Board of Health a duly certified list of the physicians of said county registered under this law, together with such other information as is hereinafter required, and perform such other duties as are required by this law; and such clerk shall receive the sum of fifty cents for each physician so registered, which shall be his full compensation for all the duties required under this law.

Act of 1893.

Sec. 4. It shall be unlawful for any person to practice medicine in any of its branches, within the limits of this State, who has not exhibited and registered in the county clerk's office of the county in which he resides his authority for so practicing medicine as herein prescribed, together with his age, address, place of birth, and the school or system of medicine to which he proposes to belong; and the person so registered shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Act of 1904.

Sec. 4. Authority to practice medicine under this act shall be a certificate from the State Board of Health, registered in the county in which the holder resides; and said board shall issue a certificate to any reputable physician who desires to practice medicine in this State, who has passed a satisfactory examination before it, in the branches of medicine as taught in reputable medical colleges, and said board shall upon application, admit to examination any person of good moral character, who may possess any of the following qualifications:

1st. A diploma from a reputable medical college, legally chartered under the laws of this State.

2d. A diploma from a reputable and legally chartered medical college of some other State in this Union.

3d. Satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this State prior to February 23, 1884.

Applicants may present their credentials by mail or proxy and shall receive due notice of the place and date of examination. Certificates shall be signed by the president and secretary, and attested by the seal of the board, and the fee for each examination, including the certificate shall not exceed the sum of ten dollars. The members of the board shall be entitled to receive ten dollars per day and their necessary traveling expenses for each day devoted to such examination, to be paid from the fees provided herein, and the board shall have authority to provide for such assistants as it may deem necessary and pay for the same from the fund arising from such fees.

Act of 1904.

Sec. 5. Examinations shall be held at least semi-annually at Frankfort, Louisville, Lexington, or other centrally located places, and on such dates as the board may deem will best suit the convenience of applicants. The question for all examinations in the branches common to all schools or systems of practice shall be prepared by a committee of the board, to consist of five members, one of which shall be a homeopath, one an eclectic, and one an osteopath, and said committee shall conduct all examinations and grade the same, and when any applicant has made the average prescribed by law, and is so graded, the Board of Health shall admit such applicant to the practice of his or her profession in this State. All examinations shall be conducted in writing, and in such manner that the result shall be entirely fair and impartial, the applicants being known by numbers so that no member of the board shall be able to identify the papers of any applicant until they have been graded and the case passed upon; and all questions and answers, with the grade attached, shall be preserved for one year. All applicants examined at any one time shall have the same questions asked them in anatomy, physiology, obstetrics, and the other branches common to all systems of practice, and shall be required to make an average grade of 70, with a minimum of 60 in any one branch; but all examinations, involving methods or principles of treatment shall be made and graded by that member of the board who represents, or most nearly represents, the school or system of practice to which the applicant belongs, or the board may, in its discretion, omit the examination in such branches. No member of the board shall be a stockholder or member of the faculty or board of trustees of any medical college.

Act of 1904.

Sec. 6. Any person engaged in the practice of osteopathy in this State prior to February 1, 1904, who holds a diploma from a reputable osteopathic college, having

a course of not less than four terms of five months each, legally chartered under the laws of any State in this Union, as determined by the osteopathic member of the board, who makes application to the State Board of Health within ninety days after the passage of this act, accompanied by the fee hereinbefore provided, shall receive a certificate from the board without an examination, which, when registered in the office of the county clerk of the county of his residence, as required of other certificates issued by the board, shall authorize the holder thereof to practice osteopathy in this Commonwealth, but it shall not permit him to administer drugs, nor to perform surgical operations with the knife. The words, "practice of medicine," in this act, shall be held to include the practice of osteopathy. But no person shall be permitted to practice osteopathy in this Commonwealth without an osteopathic diploma and certificate as provided in this section.

Act of 1904.

Sec. 7. Any other person applying for authority to treat the sick or injured, or in any way discharge the duties usually performed by physicians, whether by medical, surgical or mechanical means, shall apply to the State Board of Health, who shall examine them as to their competency in such manner as they may deem fair and best, but such examination shall always include anatomy, physiology and pathology, and the term "practice of medicine," as used in this act, shall be construed to be the treatment of any human ailment or infirmity by any method; but this shall not include trained or other nurses, or persons selling proprietary or patent medicines, when not traveling as a troupe or troupes, composed of two or more persons.

Act of 1904.

Sec. 8. That any itinerant medical company of two or more persons traveling as a troupe or company as vendors of any drug, nostrum or instrument of any kind, intended for the treatment of any disease or injury, or who shall, by any writing or printing, profess to the public to treat disease or deformity by the use of any drug, nostrum, or instrument, shall pay to the board a license of $100 per month, which shall be at once converted into the State Treasury. The board shall issue a license to reputable and worthy applicants under this section upon payment of the fee each month, but may for sufficient cause refuse such license. Any such itinerant vendor traveling as a company or troupe, with two or more persons as members or in its employ, who shall treat or profess to treat or cure diseases or injuries by the use of any drug, nostrum, or instrument without license to do so, or shall sell the same for such purpose, in violation of this section, shall, upon conviction, each and every person so engaged, be fined fifty dollars for the first offense, and upon each subsequent conviction shall be fined one hundred dollars.

Act of 1893.

Sec. 9. Nothing in this law shall be construed as to authorize any itinerant doctor to register or to practice medicine in any county in this State.

Act of 1893.

Sec. 10. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency; nor shall this law apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, or to legally qualified physicians of another State, called to see a particular case or family, but who does not open an office or appoint any place in this State where he or she may meet patients or receive calls.

Act of 1904.

Sec. 11. The State Board of Health may refuse to issue the certificate provided for in this act for any of the following causes:

1st. The presentation to the board of any license, certificate or diploma which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination.

2d. The commission of a criminal abortion, or conviction of a felony involving moral turpitude.

3d. Chronic or persistent inebriety, or addiction to a drug habit, to an extent which disqualifies the applicant with safety to the people.

4th. Or other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public.

The board may suspend or revoke a certificate for any of the causes for which it may refuse to grant a license under the provisions of this act. In all proceedings for suspension or revocation under this act the holder of the certificate shall be furnished with a copy of the complaint, and shall be given at least thirty days thereafter to prepare for a hearing; and he shall be heard in person or by counsel, or both, as he may elect, and in such hearing and in all matters arising in the course of their duties, the president and secretary shall have authority to administer oaths; and in such hearing the board may take oral or written proof for and against the complaint, as it may deem will best present the facts. In all cases of refusal, suspension, or revocation, the applicant or holder may appeal to the Governor, who may affirm or overrule the decision of the board. Upon the suspension or revocation of any certificate, it shall be the duty of the board to give official notice of such action, under seal, to the county clerk of the county in which the holder is registered, and such name shall be marked as suspended for the period indicated, or stricken from the register, in accordance with such notice, and if such holder shall continue to practice he shall thereupon be subject to the penalties provided in the law to which this act is an amendment.

Act of 1904.

Sec. 12. This act shall take effect and be in force in accordance with the provisions of the Constitution, but it is expressly provided that all certificates issued by the board under the provisions of the law to which this is an amendment, are hereby confirmed and continued in force, and all students who are matriculated in any medical or osteopathic college in this Commonwealth, on or before February 1, 1904, and shall have graduated prior to September 1, 1907, and make application to the board prior to January 1, 1908, shall receive certificates without examination. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Act of 1893.

Sec. 13. It shall be the duty of the State and local boards of health to bring to the attention of the courts any violations of the provisions of this law within their respective jurisdictions.

Act of 1898.

Sec. 14. Any person living in this State, or any person coming into this State, who shall practice medicine, or attempt to practice medicine in any of its branches, or who shall treat or attempt to treat any sick or afflicted person by any system or method whatsoever, for reward or compensation, without first complying with the provisions of this law, shall, upon conviction thereof, be fined fifty dollars and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, or either or both, in the discretion of the court or jury trying the case; and in no case where any provision of this law has been violated shall the person so violating be entitled to receive any compensation for the services rendered. To open an office for such purpose, or to announce to the public in any way a readiness to treat the sick or afflicted shall be deemed to engage in the practice of medicine within the meaning of this act.

LOUISIANA.

CAPITAL, BATON ROUGE.

Population of State, 1,656,385.
(U. S. Census 1910,.)
Number of Physicians, 1,860.

Louisiana named in honor of Louis XIV., King of France, by Robert Cavalier de la Salle in 1682, was admitted as a state April 30, 1812. Louisiana is situated between the parallels of 28 degrees 56 minutes and 33 degrees north latitude and the meridians of 89 degrees and 94 degrees west longitude. The Mississippi river splits it in twain, with far the larger portion about 37,000 square miles, upon its western banks. Exclusive of lakes and bays, it has 45,440 square miles of territory of which about 20,000 are of alluvial origin and the rest are uplands of varying character. In north Louisiana the hills attain to the height of 500 feet and from this height may be found every altitude, until we reach the sky-skirting prairies of the south-west, where the general topography is only 30 to 50 feet above the sea level. The proximity of the state to the Gulf of Mexico secures a prevalence of southern winds, cool and moisture laden, which mitigate the extremes of weather experienced by states to the north. Though the summers are prolonged, the heat is never oppressive, the thermometer rarely reaching 95 degrees. The winters are usually mild, with an average temperature of about 53 degrees in the southern and about 45 degrees in the northern part of the state. The average yearly rainfall at New Orleans is about 70 inches, decreasing in quantity as one goes northward, with 45 inches as an average in the extreme northern portion. The heaviest showers fall in summer during the growing season. Winter comes next in its quantity of rainfall, while the spring and autumn are the dry seasons with only occasional showers.

THE MEDICAL LAW OF LOUISIANA.

Act 49 of 1894, as amended by Act 244 of 1908.

To regulate the practice of medicine, surgery and midwifery; to create State Boards of medical examiners, and to regulate the fees and emoluments thereof; to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the trial and punishment of the violators of the provisions of this act by fine or imprisonment, or both, and to repeal all laws or parts of laws in conflict or inconsistent with this act.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That from and after the promulgation of this act, no person excepting those already engaged under existing laws in the practice of medicine, surgery, midwifery and dentists shall practice medicine in any of its departments within the State of Louisiana, unless such person shall possess all the qualifications required by this act.

As amended by Act 244 of 1908.

Sec. 2. Be it enacted by the General Assembly of the State of Louisiana, That Section 2 of an Act entitled "An Act to regulate the practice of medicine, surgery and midwifery, to create State Boards of Medical Examiners, and to regulate the fees and emoluments thereof, to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the trial and punishment of violators of the provisions of this Act by fine or imprisonment, or both; and to repeal all laws or parts of laws in conflict or inconsistent with this Act," being Act No. 49 of the General Assembly of the State of Louisiana, for the year 1894, approved July 4, 1894, be amended and re-enacted so as to read as follows: That after the promulgation of this Act, any person before entering upon the practice of medicine in any of its branches, dentists and osteopaths excepted, shall present to the Board of Medical Examiners, as hereinafter constituted, a diploma from a college in good standing, of any sect teaching medicine or the healing art, and shall stand a satisfactory examination before the Board upon the following branches, to-wit: Anatomy, physiology, chemistry, obstetrics, gynecology, physical diagnosis, surgery, pathology, therapeutics and hygiene, provided that any person not using internal medication in his or her practice shall be exempt from examination in therapeutics. The person shall also satisfy the Board that he or she is twenty-one years of age, of good moral character, and possesses at least a fair primary education. If said diploma and examination are satisfactory to the Board, they shall issue to such person a certificate in accordance with the facts. Said Board, however, is authorized at its discretion, to waive said examination in favor of any applicant who shall present to the Board a satisfactory certificate of examination from a Board of Medical Examiners of another State; provided, however, that said Board created under this Act shall have found that said Board of Medical Examiners of another State has a standard of requirements satisfactory to the Board created under this Act; the said Board created under this Act to be the sole judge as to the sufficiency of the standard required and of the certificate issued by said Board of another State.

Sec. 3. Be it further enacted, etc., That the medical examiners herein provided for shall consist of two boards—one of physicians and surgeons recommended by the Louisiana State Medical Society, and one of physicians and surgeons recommended by the Hahnemann State Medical Society. There shall be five members of each board, any three of whom shall constitute a quorum for the purpose of holding an examination and granting a certificate. All the members of both boards shall be graduated physicians and practitioners.

The Board composed of physicians and surgeons recommended by the Louisiana State Medical Society shall examine all applicants who propose to practice any other than the homeopathic system of medicine, and the board composed of physicians recommended by the Hahnemann State Medical Society shall examine all applicants who propose to practice the homeopathic system of medicine. The certificate of either Board shall be conclusive proof of the efficiency of the applicant examined by said Board. All examinations held by the boards and the answers of the applicants shall be in writing, and shall be kept as records. All members of both boards shall be appointed by the Governor of the State from a list of names presented by the Louisiana State Medical Society and the Hahnemann State Medical Society, and the Governor shall have the right to remove any or all of the members thereof for inefficiency or neglect of duty, and to fill all vacancies occurring in these boards from names recommended by their respective societies.

Sec. 4. Be it further enacted, etc., That the first boards of medical examiners appointed under this Act shall meet and organize within thirty days from the date of their appointment, and shall name one member to serve for the term of two years, one member for the term of three years, one member for the term of four years, one member for the term of five years, and one member for the term of six years; deciding by lot or agreement among themselves as to their respective terms. At the expiration of the above terms each member shall be appointed by the Governor for the term of six years, from names recommended by their respective State Medical Societies.

Sec. 5. Be it further enacted, etc., That every person practicing midwifery in the State, on the passage of this act, shall, within ninety days thereafter, register with the secretary of the Board of Health, in the parish of Orleans, and with the clerk of the district court in the other parishes of the State, in the manner provided for physicians, giving her age and length of time, and the place or places during, and at which, she has been engaged in said practice, and make affidavit thereto, and shall pay to the secretary of the Board of Health in the parish of Orleans, or to the clerk of the district court in the other parishes of the State, as the case may be, a fee of $1. Said secretary of the Board of Health of the parish of Orleans, or clerk of the district court, shall issue a certificate to the one so registering in accordance with the facts herein set forth, upon a blank form to be furnished by the State Board of Health, which shall entitle the holder to practice midwifery in the parish in which said certificate is issued. The clerks of the district courts of the several parishes of the State, Orleans excepted, shall annually on the first Monday in January, make returns to the secretary of the State Board of Health in the parish of Orleans of all such certificates on record in his office.

All persons beginning the practice of midwifery in this State after the passage of this act, shall appear before one of the State Board of Examiners and submit to such examination in midwifery as the Board shall require, and if such examination is satisfactory, the said board shall, upon receipt of $5, issue a certificate the same as provided for midwives in practice at the time of the passage of this act, which certificate shall be registered as in the manner provided for midwives in practice at the time of the passage of this Act, but for such registration with the secretary of the State Board of Health, or with the clerk of a district court, the holder of said certificate shall be required to pay a fee of 50 cents only. This section does not apply to the so-called mid-wife of rural districts and plantation practice, who, in the sense of this act, are not considered as practicing midwifery as a profession.

Sec. 6. Be it further enacted, etc., That Section 6 of said Act No. 49 of the session of 1894 be amended so as to read as follows: That the Boards of Medical Examiners are authorized to elect such officers and frame and adopt such by-laws as may be necessary for the efficient operation of the Boards.

They may provide that the examinations required in Section 5 of said Act, as a prerequisite to the practice of midwifery may be conducted by one member of said Boards of Examiners, and the certificate of satisfactory examination issued by such member shall entitle the holder to be authorized by the president and secretary of said Boards to practice midwifery in this State; and may also provide that any member of said Board may make any affidavit necessary to the issuance of an injunction or other legal process authorized under this Act. Each Board shall have its seal and the president and secretary of the respective Boards shall be empowered to administer oaths in the taking of testimony upon any matter appertaining to the duties of said Boards.

Sec. 7. Be it further enacted, etc., That the regular meetings of the Boards shall be held at least twice in each year in the city of New Orleans, but the president of the Board may call special meetings elsewhere in the State whenever the Boards may deem it necessary or expedient; the call to be issued by the secretary and signed by the president.

Sec. 8. Be it further enacted, etc., That to prevent and delay inconvenience, one member of a Board of Medical Examiners may grant a permit after a satisfactory examination to any applicant, and shall report thereon to the Boards at the next regular meeting; such temporary permit shall not continue in force longer than until the next regular meeting of the Boards, but such temporary permit shall in no case be granted within six months after the applicant has been refused a permit by the Boards.

Sec. 9. Be it further enacted, etc., That the certificates issued in accordance with Section 2 of this Act shall be recorded in the office of the clerk of the district court of the parish in which he or she resides, who shall make this recordation in a book to be kept for that purpose only, and also certify to such recordation by an endorsement of the original certificate, which the holder thereof shall transmit or deliver to the State Board of Health; and the clerk recording the same shall be entitled to a fee of one dollar. Such certificate transmitted or delivered to the State Board of Health shall entitle the holder to be placed on the list of registered physicians and surgeons, the publications of which is hereinafter provided for. Said Board of Health shall preserve such certificates, and a copy thereof, signed by its secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. Until such recordation is made, the holder of such certificate shall not exercise any of the rights or privileges therein conferred to practice medicine.

Sec. 10. Be it further enacted, etc., That it shall be the duty of the State Board of Health to publish annually in the official journal of the State (and if there is no such journal, in one of the daily newspapers published in the city of New Orleans) a list of the registered physicians and surgeons in the State and their residences, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered as required by law, and the said State Board of Health is hereby required to strike from said list the name of any person whose certificate may have been revoked by the State Boards of Medical Examiners, as herein provided for.

Sec. 11. Be it further enacted, etc., That the members of said Boards of Medical Examiners shall receive, as a compensation for their services, ten ($10) dollars per day during their session, and, in addition thereto, their hotel and traveling expenses by the most direct route to and from their respective places of residence, to be paid out of any moneys in the treasury of the Boards upon the certificate of the president and secretary. The Boards are empowered to demand a fee of one ($1) dollar for the issuing of each certificate. The fee for examination shall be ten ($10) dollars. If the applicant fails to pass a satisfactory examination, and no certificate is issued to him or her, five ($5) dollars, to be paid into the treasury of the Boards, only of his or her fee to be retained. The fee for certificate of temporary permit shall be be five ($5) dollars, to be paid into the treasury of the Boards, said fee to be accredited to the applicant when he applies to the Boards for a permanent permit.

Sec. 12. Be it further enacted, etc., That any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or who may by writing, print or other methods, profess to cure or treat disease or deformity by any drug, nostrum, manipulation, or other expedient in this State, shall, if found guilty, be fined in any sum not less than twenty ($20) dollars and not exceeding one hundred ($100) dollars for each offense, to be recovered in an action of debt, before any court of competent jurisdiction, or shall be imprisoned for a term of not less than ten (10) days or more than thirty (30) days, or be both fined and imprisoned.

Sec. 13. Be it further enacted, etc., That Section 13 of said Act 49 of the Session of 1894 be amended and re-enacted so as to read as follows: That any person shall be regarded as practicing medicine within the meaning of this Act who shall append the letters M. D. or M. B. to his or her name, or shall examine, prescribe, direct, or apply, or shall profess or publicly advertise that he prescribes, directs or applies for the alleged purpose of treating, curing or relieving any bodily or mental disease, infirmity, deformity, defect, ailment or injury in any person other than himself, any drug, instrument, or force, whether physical or psychic, or of whatever nature, or any agency of means; whether such drug, instrument, force or other agency or means is to be applied or used by the patient or by any other person; and whether such prescribing, directing, or applying, be for compensation of any kind or be gratuitous; and any officer or agent, or employee or member of any corporation, association or partnership which does or professes or publicly advertises that it does examine for, cure, treat, or relieve such diseases, ailments, deformities, defects, injuries or infirmities, in any of the modes mentioned in this scction shall be regarded as practicing medicine under the provisions of this Act.

This provision shall not apply to farmers or planters when treating without compensation their families, employees, or tenants exclusively, or to attendants and plantation midwives; or to opticians fitting glasses, or testing eyes in their own establishments, or to water-cure establishments. Nothing in this Act, however, shall be construed to prohibit the practice of the religious tenets of any church whatsoever.

As amended by Act 244 of 1908.

Sec. 14. Be it further enacted, That Section 14 of said Act 49 of the Session of 1894 be amended and re-enacted so as to read as follows: That any person practicing medicine or midwifery in any of its departments in this State without first having obtained the certificate herein provided for or contrary to the provisions of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than $50 or more than $100, or by imprisonment in the parish jail for a period of not less than ten days, or more than ninety days, or by both fine and imprisonment for each offense. It shall be the duty of the respective district attorneys to prosecute violations of the provisions of this Act, before any court of competent jurisdiction. The said fine shall be divided equally between the public school fund of the parish in which said offense may have been prosecuted, and the State Board of Medical Examiners.

Said Board of Medical Examiners through their officers may cause to issue in any competent court a writ of injunction forbidding and enjoining said person from further practicing medicine or midwifery in any of its departments in this State, until such person shall have first obtained the certificate herein provided for and under the provisions of this Act; and said injunction shall not be subject to being released upon bond.

In the same suit in which said injunction may be applied for, the said Boards through their respective presidents aforesaid, may sue for and demand of the defendant a penalty not to exceed one hundred dollars, and in addition thereto attorney's fees not to exceed fifty dollars, besides the costs of courts; judgment for which penalty, attorney's fees, and costs may be rendered in the same judgment in which the injunction may be made absolute.

That the trial of said proceeding shall be summary, and be tried by the judge without intervention of a jury.

As amended by Act 244 of 1908.

Sec. 15. Be it further enacted, etc., That Section 15 of Act 49 of the Session of 1894 be amended and re-enacted so as to read as follows:

That if any person licensed under this Act shall be convicted of a crime or of gross unprofessional conduct, the said Boards shall have the power to institute proceedings before any competent court for the purpose of having the permit or license granted by them to such person revoked; and if it shall be shown that the physician or midwife so licensed has been convicted of a crime or of gross unprofessional conduct, the said court shall revoke such license or permit.

Sec. 16. Be it further enacted, etc., That any practitioner of medicine, in any of its departments, failing to comply with the requirements of this Act, shall not be exempt from jury or military duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in any court in this State, nor execute any certificates as a physician or surgeon, nor to hold any medical office, nor to be recognized by the State or parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this State.

Sec. 17. Be it further enacted, etc., That this Act shall not apply to any commissioned surgeon of the United States army, navy, or marine hospital service; to physicians or surgeons from other States or Territories in actual consultation with a registered physician of this State, nor to any physician actually practicing in this State, before the passage of this Act and in accordance with then existing laws.

Sec. 18. Be it further enacted, etc., That the said Boards shall report to the prosecuting officer of the State of Louisiana all persons violating the provisions of this Act. They shall report, annually, to the Governor of this State upon the condition of the practice of medicine in the State, its recommendations for the improvement of the practice, as well as a record of the proceedings of the Board during the year, together with the names of all physicians or surgeons to whom the said Board shall have issued certificates during the year, in accordance with the provisions of Section 2 of this Act.

As amended by Act 244 of 1908.

Sec. 19. Be it further enacted, etc., That Section 19 of the said Act 49 of the Session of 1894 be amended and re-enacted so as to read as follows: That it shall not be lawful for the said Boards of Medical Examiners or any member thereof,

FOODS for Invalids-especially where a starch restricted diet is required | Pure Gluten Food Co. 92 W. Broadway, New York City

in any manner whatever or for any purpose, to charge or obligate the State of Louisiana for the payment of any money except as provided for in Act 44 of the Acts of 1882, relative to the publication of registered physicians, etc., and the said Boards shall look alone to the revenue derived from the operation of this Act for the compensation designated in Section 11 of this Act. And if said revenue is not sufficient to pay each member in full, as per Section 11, then the amount thus received shall be pro rated among the members. But if at the end of the year, there should be a greater revenue derived than sufficient to defray the expenses of the Boards at all their sessions for the year, as provided in Section 7, such surplus may be used by said Boards in such other expenditures as they may deem necessary. The said Boards of Medical Examiners shall have the right to employ counsel to carry out the provisions of this Act, and that the fees of such counsel and the cost for all proceedings taken under the provisions of this Act, except the criminal prosecutions, shall be payable exclusively out of the revenues, including penalties under the provisions of this Act.

As amended by Act 244 of 1908.

Sec. 20. Be it further enacted, etc., That Section 20 of said Act of the Session of 1894 be re-enacted so as to read as follows: That all laws and parts of laws contrary to and in conflict with any of the provisions of this Act be and the same are hereby repealed.

G. W. BOLTON,
Speaker of the House of Representatives.
H. R. LOTT,
President Pro Tempore of the Senate.

Original Act approved July 4, 1894:

MURPHY J. FOSTER,
Governor of the State of Louisiana.
P. M. LAMBREMONT,
Lieutenant Governor and President of the Senate.
H. G. DUPRE,
Speaker of the House of Representatives.

Amended Act approved July 8th, 1908.

J. Y. SANDERS,
Governor of the State of Louisiana.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; {, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. CAPITAL, AUGUSTA.

Population of State, 742,371.
(U. S. Census, 1910.)
Number of Physicians, 1,116.

Maine, the most northeastern state of the Union, is bounded on the south by the Atlantic ocean, on the north by New Brunswick and Quebec, on the west by New Hampshire and Quebec and on the east by New Brunswick. The total land surface is, approximately, 29,895 square miles. It extends from 43 degrees 5 minutes to 47 degrees 30 minutes north latitude and from 66 degrees 50 minutes to 71 degrees west longitude, its extreme length being 302 miles and width 285 miles. The sea coast, though in a straight line, contained within about 4½ degrees of longitude, extends with all its bays, indentations and peninsulas over more than 3,000 miles and is without exception the most broken and irregular of any state in the Union bordering on the ocean. It has a general northeastern and southwestern trend conforming to the direction of the rock strata found throughout the state, is steep and rocky, and presents innumerable picturesque promontories, magnificent island scenery and valuable harbors. The surface of the state is generally hilly, which rises in the north and northwest into the summits of Mounts Katahdin, Bigelow and Abram, while the Green Mountains form a considerable barrier between it and Canada. The southern portion is diversified, very little broken and has a generally fertile soil. Maine is extremely well supplied with lakes, ponds and streams, the inland waters covering a total area of 3,200 square miles and the lakes alone 2,300 square miles or about one-fifteenth part of the state. The climate is healthful and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00 degrees, that of the summer 63.73 degrees, and of the winter 21.69 degrees. These figures are the result of observations extending over a period of 37 years. The average rainfall is about 44.50 inches.

MEDICAL PRACTICE ACT OF MAINE.

Chapter 170, Acts of 1895. An Act to Regulate the Practice of Medicine and Surgery.

Be it enacted by the Senate and House of Representatives in Legislature assembled as follows:

Section 1. The Governor, with the advice and consent of the Council, shall appoint six persons, resident in this State, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been actively employed in the practice of their profession for a period of five years, who shall constitute a Board of Registration of Medicine. Such persons shall be appointed and hold office for terms of two, four and six years, respectively, beginning with the first day of July in the present year, and until their successors are appointed, and thereafter the Governor, with the advice and consent of the Council, shall appoint on or before the first day of July every other year, two persons qualified as aforesaid, to hold office for six years from the last named day. No member of said board shall belong to the faculty of any medical college or university. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause by the Governor, with the advice and consent of the Council, and not more than two members of said board shall at one time be members of any one chartered state medical society.

Sec. 2. The members of said board shall meet on the second Tuesday of July next, at such time and place as they may determine and shall immediately proceed to organize by electing a chairman and secretary, who shall hold their respective offices for the term of two years. The secretary shall give to the State treasurer a bond in the penal sum of one thousand dollars, with sufficient sureties to be approved by the Governor and Council, for the faithful discharge of the duties of his office. The said board shall hold regular meetings, one in March, one in July and one in November of each year, and such additional meetings at such times and places as it may determine. Said board shall cause a seal to be engraved and shall keep correct records of all its proceedings, and is hereby authorized to make such minor rules and regulations as shall be deemed necessary for the successful enforcement of this act.

Sec. 3. It shall be the duty of said board immediately upon its organization, to notify all persons practicing medicine or surgery for gain or hire as a livelihood in this State, of the provisions of this act, by publication in one or more newspapers in each county, and every such person who is a graduate of a legally chartered medical college or university having power to confer degrees in medicine, and every person who has been a practitioner of medicine or surgery in this State for a period of three years next prior to the passage hereof, shall, upon exhibition of satisfactory proof thereof to said board and upon the payment of a fee of two dollars, be entitled to registration, and said board shall issue to him a certificate signed by the chairman and secretary and sealed, and said certificate shall state the facts and the cause of said registration, and must be publicly displayed at the person's principal place of business as long as said person continues such practice for gain or hire.

Sec. 4. Any person not entitled to registration as aforesaid shall, upon the payment of a fee of ten dollars, be entitled to examination and if found qualified by a majority of the members of the board present shall be registered as a physician or surgeon, and shall receive a certificate thereof as provided in section three. Any person refused registration may be re-examined at any regular meeting of said board, within two years of the time of such refusal, without additional fee, and thereafter may be examined as often as he may desire upon the payment of the fee of ten dollars for each examination. Said board, after a conviction before a proper court, for crime in the course of professional business, and after hearing, may by unanimous vote revoke any certificate issued by them and cancel the registration of the person to whom the same was issued. Said board has also power to suspend or revoke any certificate by unanimous vote, in any case where same certificate has been wrongfully obtained or any fraud connected with the said registration. All fees received by the board under this act shall be paid by the secretary thereof into the treasury of the State once in each month.

Sec. 5. The compensation, incidental and traveling expenses of the board shall be paid from the treasury of the State. The compensation of members of the board shall be five dollars each for every day actually spent in the discharge of their duties, and five cents per mile each way for necessary traveling expenses in attending the meetings of the board, but in no case shall any more be paid than has actually been expended. The secretary shall be allowed extra compensation for books, stationery, postage and other necessary expenses actually incurred. Such compensation and the incidentals and traveling expenses shall be approved by the board and sent to the auditor of the State, who shall certify to the Governor and Council the amount due, as in the case of other bills and accounts approved by him under the provisions of law; provided, that the amount so paid shall not exceed the amount received by the treasurer of the State from the board in fees as herein specified, and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

Sec. 6. The board shall keep a record, the names and residences of all persons registered hereunder and a record of all moneys received and disbursed by said board, and said records or duplicates thereof shall always be open to inspection in the office of the Secretary of State during regular office hours. Said board shall annually report to the Governor, on or before the first day of January in each year, the report to contain a full and complete account of all its official acts during the year, also a statement of receipts and disbursements of the board and such comments or suggestions as may be deemed essential.

Sec. 7. It shall be the duty of the board, its members or agents, to investigate all complaints regarding non-compliance with or violation of the provisions of this act and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 8. (As amended March 22, 1901.) *On and after the passage of this act, the board shall examine all applicants for registration as licensed physicians or surgeons. Each applicant shall, at least seven days before the date of his examination, present to the secretary of the board an application under oath or affirmation, giving satisfactory proof of being twenty-one years of age, of having good moral character and of being a graduate of some reputable medical school or college having power to confer degrees in medicine, and in good standing, and maintaining a standard of preliminary education and of medical instruction approved by the board. He shall also present such other facts as the board in its blank application may require, and must pay for the fees herein provided. Examinations shall be in whole or in part in writing and shall be of an elementary and practical character. They shall embrace the general subjects of anatomy, physiology, pathology, materia medica and therapeutics, surgery, the principles and practice of medicine and obstetrics, or such branches thereof as the board may deem necessary for the applicant to possess. The board is also hereby authorized to make such rules and regulations as may be necessary for reciprocity of licensure with the boards of other states which maintain a standard of education at least equal to their own; but no such rules shall become operative until they have been approved by a justice of the supreme judicial court.

Sec. 9. On and after the first day of January, eighteen hundred and ninety-six, it shall be illegal for any person not duly registered by this board to practice medicine or surgery, or any branch thereof for gain or hire within this State. Whoever not being registered as aforesaid shall so practice or shall advertise or hold himself out to the public as a physician or surgeon in this State who appends to his name the letters "M. D." or who used the title of a doctor or physician, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in jail for three months, or both.

Sec. 10. (As amended March 22, 1901.) *This act shall not apply to commissioned officers of the United States army, navy, or marine hospital service, or to a physician or surgeon who is called from another State to treat a particular case and who does not otherwise practice in this State, nor to prohibit gratuitous service or the render-

ing of assistance in emergency cases, nor to mid-wives who lay no claim to the title of physician or doctor.

Sec. 11. Neither shall this act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so called, or any other method of healing if no poisonous or dangerous drugs are employed nor surgical operations performed; provided, such persons do not violate any of the provisions of section nine of this act in relation to the use of “M. D.,” or the title of doctor or physician.

Sec. 12. For the purposes of the appointment of said board and of registration of persons by it hereunder, this act shall take effect upon its passage and shall take full effect on the first day of January, in the year eighteen hundred and ninety-six.

CHAPTER 31.

AN ACT to amend Sections eleven, twelve, fourteen, fifteen, sixteen and seventeen of Chapter seventeen of the Revised Statutes, relating to registration of Physicians and Surgeons.

Section 1. Section eleven of chapter seventeen of the Revised Statutes is hereby amended by striking out the word “ten” in the first and last lines of said section, and inserting in lieu thereof the word “fifteen,” and by adding at the end of said section the following words: “All fees received by the board hereunder shall be paid by the secretary thereof into the treasury of the State once in each month,” so that said section as amended shall read as follows:
